April 11, 2024

Dear Shareholder:

**2024 Annual General Meeting of Adaptimmune Therapeutics plc (the “AGM”)**

This letter, the notice of the AGM set out in this document (“**the Notice**”) and associated materials for the AGM are being sent or supplied to you because, as of April 9, 2024 (being the latest practicable date before the circulation of this document), you are registered as a holder of ordinary shares in the register of members of the Company. However, this letter, the Notice and associated materials will also be available to holders of American Depositary Shares (“**ADS**”) and contain information relevant to holders of ADSs.

I am pleased to confirm that our AGM will take place at **2:00 p.m. London time (7:00 a.m. Eastern Standard Time) on Tuesday, May 14, 2024 at 60 Jubilee Avenue, Milton Park, Abingdon, Oxfordshire OX14 4RX**. The Notice is set out in this document and it contains the resolutions to be proposed at the AGM (the “**Resolutions**”).

**Action to be taken by holders of ordinary shares in the Company**

If you are a holder of American Depositary Shares (“**ADSs**”), please ignore this section and refer instead to the section below — “*Holders of American Depositary Shares*”.

If you are a holder of ordinary shares in the Company and are planning to attend the AGM in person (or by way of corporate representative) it would be helpful if you could inform Margaret Henry, Company Secretary, by email: [margaret.henry@adaptimmune.com](mailto:margaret.henry@adaptimmune.com), or mobile: +44 (0)7710 304249.

If you are unable to attend the AGM, you can still vote on the Resolutions by appointing a proxy. A form of proxy for use at the AGM is enclosed, or is being sent to you by email if you have opted to receive information by email. You are able to submit your proxy vote online at [www.investorcentre.co.uk/eproxy](http://www.investorcentre.co.uk/eproxy) (see instructions on form of proxy) to arrive **by no later than 12:00 p.m. London time (7:00 a.m. Eastern Standard Time) on Friday, May 10, 2024**.

Alternatively, if you have received a printed form of proxy and prefer to return it by post, you are advised to complete and return the form of proxy in accordance with the instructions printed on it and so as to arrive at the Company’s registrar, Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol, BS99 6ZY, England as soon as possible but in any event **by no later than 12:00 p.m. London time (7:00 a.m. Eastern Standard Time) on Friday, May 10, 2024**. CREST members may appoint a proxy by using the CREST electronic proxy appointment service. The return of a form of proxy or the electronic appointment of a proxy does not preclude you from attending and voting at the AGM if you so wish.

In order to attend and vote at the AGM as an ordinary shareholder or for your form of proxy to remain valid, you must continue to be registered as a holder of ordinary shares in the Company’s register of members as of 6:30 p.m. London time (1:30 p.m. Eastern Standard Time) on Friday, May 10, 2024.

Therefore, if you sell or transfer your ordinary shares in the Company on or prior to May 10, 2024, your form of proxy can no longer be used and if submitted (whether before or after you sell or transfer your ordinary shares) will be treated as invalid. Please pass this document to the person who arranged the sale

---

or transfer for delivery to the purchaser or transferee. The purchaser or transferee should contact Margaret Henry, Company Secretary, to request a new form of proxy for its use.

Should you elect to convert your holding of ordinary shares in the capital of the Company into an interest in the capital of the Company represented by ADSs before the AGM, you will cease to be a holder of ordinary shares in your own name and will not be entitled to vote at the AGM as an ordinary shareholder. You will also not be able to use the form of proxy that has been sent to you. However, you may be able to exercise your vote as a holder of an interest in the capital of the Company represented by American Depositary Shares — please refer to the next section — “*Holder of American Depositary Shares*”.

#### **Holder of American Depositary Shares**

In order to exercise your vote as a holder of an interest in the capital of the Company represented by ADSs, you or your bank, broker or nominee must be registered as a holder of ADSs in the ADS register **by 5:00 p.m. Eastern Standard Time on Thursday, April 11, 2024 (the record date for ADS holders)**.

If you hold ADSs through a bank, broker or nominee on April 11, 2024, the AGM documentation, including the ADS proxy card, will be sent to your broker who should forward the materials to you. Please reach out to your broker to provide your voting instructions. Please note that ADS proxy cards submitted by ADS holders must be received by Citibank, N.A. **by no later than 10:00 a.m. Eastern Standard Time on Thursday, May 9, 2024**

#### **Contact for ADS holders**

If you have queries about how you can deliver voting instructions, please contact Citibank, N.A. — ADR Shareholder Services at tel: +1-877-248-4237 (toll free within the United States) or +1-781-575-4555 (for international callers) or by email: [citibank@shareholders-online.com](mailto:citibank@shareholders-online.com) or at Citibank Shareholder Services, P.O. Box 43099, Providence, RI 02940-5000.

#### **Recommendation**

You will find an explanatory note in relation to each of the Resolutions in the attached proxy statement. Your Directors consider that each Resolution is in the best interests of the Company and is likely to promote the success of the Company for the benefit of its members as a whole. Accordingly, your Directors unanimously recommend that you vote in favor of the Resolutions as each of the Directors with personal holdings of shares in the Company intends to do in respect of their own beneficial holdings of shares.

Thank you for your ongoing support of Adaptimmune.

Yours sincerely,

/s/ David M. Mott

security into shares in the Company (“Rights”) up to a maximum aggregate nominal amount of £505,881.00 to such persons at such times and upon such conditions as the directors may determine (subject to the Company’s articles of association). This authority shall expire (unless previously renewed, varied or revoked) on the earlier of the conclusion of the annual general meeting in 2025 and June 30, 2025 but so that the Company may make offers and enter into agreements before that expiry which would, or might, require shares to be allotted or Rights to be granted after that expiry and the directors may allot shares or grant Rights pursuant to any of those offers or agreements as if the authority had not expired.

The authority referred to in this resolution is in substitution for the authority conferred on the directors under s551 of the U.K. Companies Act 2006 at the annual general meeting held on May 16, 2023 but the directors may allot shares or grant Rights pursuant to an offer made or agreement entered into by the Company before the expiry of the authority pursuant to which that offer was made or agreement entered into.

#### Special resolution

14. Subject to the passing of Resolution 13, to empower the directors generally pursuant to s570(1) of the U.K. Companies Act 2006 to allot equity securities (as defined in s560 of the U.K. Companies Act 2006) for cash pursuant to the general authority conferred on them by Resolution 13 as if s561(1) of the U.K. Companies Act 2006 did not apply to that allotment. This power:

(a) shall be limited to the allotment of equity securities up to an aggregate nominal amount of £505,881.00;

(b) expires (unless previously renewed, varied or revoked) on the earlier of the conclusion of the annual general meeting in 2025 and June 30, 2025 but so that the Company may make offers and enter into agreements before that expiry which would, or might, require equity securities to be allotted after that expiry and the directors may allot equity securities pursuant to any of those offers or agreements as if this power had not expired; and

(c) applies in relation to a sale of shares which is an allotment of equity securities by virtue of s560(3) of the U.K. Companies Act 2006 as if in the first paragraph of this resolution the words “pursuant to the general authority conferred on them by Resolution 13” were omitted.

For the purposes of this resolution, references to the allotment of equity securities shall be interpreted in accordance with s560 of the U.K. Companies Act 2006.

Proposals 1 through 13 will be proposed as ordinary resolutions and under English law, assuming that a quorum is present, an ordinary resolution is passed on a show of hands if it is approved by a simple majority (more than 50%) of the votes cast by shareholders present (in person or by proxy) at the meeting and entitled to vote. If a poll is demanded, an ordinary resolution is passed if it is approved by holders representing a simple majority of the total voting rights of shareholders present (in person or by proxy) who (being entitled to vote) vote on the resolution. Proposal 14 will be proposed as a special resolution. A special resolution is passed on a show of hands if it is approved by not less than 75% of the votes cast by shareholders present (in person or by proxy) at the meeting and entitled to vote. On a poll, a special resolution is passed if it is approved by holders representing not less than 75% of the total voting rights of shareholders present (in person or by proxy) who (being entitled to vote) vote on the resolution.

The result of the shareholder votes on the ordinary resolutions in proposals 9, 10 and 11 regarding adoption of our U.K. statutory annual accounts and reports for the year ended December 31, 2023, approval of the compensation of our named executive officers for the year ended December 31, 2023 and approval of our U.K. statutory directors’ annual report on remuneration for the year ended December 31, 2023 (excluding the directors’ remuneration policy) will not require our Board of Directors or any committee thereof to take any action. Our Board of Directors values the opinions of our shareholders as expressed through such votes and will carefully consider the outcome of the votes on proposals 9, 10 and 11.

The results of any polls taken on the resolutions at the Annual General Meeting and any other information required by the U.K. Companies Act 2006 will be made available on our website

---

(<https://www.adaptimmune.com>) as soon as reasonably practicable following the Annual General Meeting and for the required period thereafter.

**Notes**

- (a) Only those members registered in the register of members of the Company at 6:30 p.m. London time (1:30 p.m. Eastern Standard Time) on May 10, 2024 will be entitled to attend and vote at the Annual General Meeting (“AGM”) in respect of the number of ordinary shares registered in their name at the time. Changes to entries on the relevant register after that deadline will be disregarded in determining the rights of any person to attend and vote at the AGM. Should the AGM be adjourned to a time not more than 48 hours after the deadline, the same deadline will also apply for the purpose of determining the entitlement of members to attend and vote (and for the purpose of determining the number of votes they may cast) at the adjourned AGM. Should the AGM be adjourned for a longer period, then to be so entitled, members must be entered on the Register at the time which is 48 hours before the time fixed for the adjourned AGM or, if the Company gives notice of the adjourned AGM, at the time specified in the notice.
- (b) Any member may appoint a proxy to attend, speak and vote on his/her behalf. A member may appoint more than one proxy in relation to the AGM provided that each proxy is appointed to exercise the rights attached to a different share or shares of the member. A proxy need not be a member, but must attend the meeting in person. Proxy forms should be lodged with the Company’s Registrar (Computershare) not later than 12:00 p.m. London time (7:00 a.m. Eastern Standard Time) on May 10, 2024. Completion and return of the appropriate proxy form does not prevent a member from attending and voting in person if he/she is entitled to do so and so wishes. The attached proxy statement explains proxy voting and the matters to be voted on in more detail. Please read the proxy statement carefully. For specific information regarding the voting of your ordinary shares, please refer to the proxy statement under the section entitled “*Questions and Answers About Voting.*”
- (c) Any corporation which is a member can appoint one or more corporate representatives who may exercise on its behalf all of its powers as a member provided that they do not do so in relation to the same shares.
- (d) In the case of joint holders, the vote of the senior who tenders the vote whether in person or by proxy will be accepted to the exclusion of the votes of any other joint holders. For these purposes, seniority shall be determined by the order in which the names stand in the Company’s relevant register or members for the certificated or uncertificated shares of the Company (as the case may be) in respect of the joint holding.
- (e) CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so for the AGM and any adjournments of it by using the procedures described in the CREST Manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed voting service providers, should refer to their sponsors or voting service providers, who will be able to take the appropriate action on their behalf.

For a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a “**CREST Proxy Instruction**”) must be properly authenticated in accordance with Euroclear’s specifications and must contain the information required for those instructions as described in the CREST Manual (available via [www.euroclear.com](http://www.euroclear.com)). The message, regardless of whether it relates to the appointment of a proxy or to an amendment to the instruction given to the previously appointed proxy, must, to be valid, be transmitted so as to be received by the Company’s agent 3RA50 by 12:00 p.m. London time (7:00 a.m. Eastern Standard Time) on May 10, 2024. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which the Company’s agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time, any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.

CREST members and, where applicable, their CREST sponsors or voting service providers should note that Euroclear UK does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will, therefore, apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed voting service providers,

---

to procure that its CREST sponsors or voting service providers take) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5) (a) of the Uncertificated Securities Regulations 2001.

- (f) As of April 9, 2024 (being the last practicable date before circulation of this Notice), the Company's issued ordinary share capital consisted of 1,533,371,874 ordinary shares, carrying one vote each. Therefore, the total voting rights in the Company as of that date are 1,533,371,874.
  - (g) Under s527 Companies Act 2006, members meeting the threshold requirement set out in that section have the right to require the Company to publish on a website a statement setting out any matter relating to: (i) the audit of the Company's accounts (including the auditor's report and the conduct of the audit) that are to be laid before the AGM; or (ii) any circumstance connected with an auditor of the Company ceasing to hold office since the previous meeting at which annual accounts and reports were laid in accordance with s437 Companies Act 2006. The Company may not require the shareholders requesting any such website publication to pay its expenses in complying with ss527 or 528 Companies Act 2006. Where the Company is required to place a statement on a website under s527 Companies Act 2006, it must forward the statement to the Company's auditor not later than the time when it makes the statement available on the website. The business which may be dealt with at the AGM includes any statement that the Company has been required, under s527 Companies Act 2006, to publish on a website.
  - (h) Except as set out in the notes to this Notice, any communication with the Company in relation to the AGM, including in relation to proxies, should be sent to the Company's Registrar, Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol, BS99 6ZY, England. No other means of communication will be accepted. In particular, you may not use any electronic address provided either in this notice or in any related documents to communicate with the Company for any purpose other than those expressly stated.
  - (i) Copies of the employment agreement for our executive director and of the letters of appointment for our non-executive directors will be available for inspection at the registered office of the Company during normal business hours on any week day (public holidays excepted) from the date of this Notice of AGM until the date of the AGM, and at the place of the AGM for one hour before the meeting and at the meeting itself.

**What are the requirements to elect the directors and approve each of the proposals?**

You may cast your vote for or against proposals 1 through 14 or abstain from voting your shares on one or more of these proposals.

Proposals 1 through 13 will be proposed as ordinary resolutions. Proposal 14 will be proposed as a special resolution. Under English law, assuming that a quorum is present, an ordinary resolution is passed on a show of hands if it is approved by a simple majority (more than 50%) of the votes cast by shareholders present (in person or by proxy) at the Meeting and entitled to vote. If a poll is demanded, an ordinary resolution is passed if it is approved by holders representing a simple majority of the total voting rights of shareholders present (in person or by proxy) who (being entitled to vote) vote on the resolution. A special resolution is passed on a show of hands if it is approved by not less than 75% of the votes cast by shareholders present (in person or by proxy) at the Meeting and entitled to vote. On a poll, a special resolution is passed if it is approved by holders representing not less than 75% of the total voting rights of shareholders present (in person or by proxy) who (being entitled to vote) vote on the resolution.

The result of the shareholder votes on the ordinary resolutions in proposals 9, 10 and 11 regarding adoption of our U.K. statutory annual accounts and reports for the year ended December 31, 2023, approval of the compensation of our named executive officers for the year ended December 31, 2023 and approval of our U.K. statutory directors' annual report on remuneration for the year ended December 31, 2023 (excluding the directors' remuneration policy) will not require our Board of Directors or any committee thereof to take any action. Nonetheless, our Board of Directors values the opinions of our shareholders as expressed through such votes and will carefully consider the outcome of the votes on proposals 9, 10 and 11.

#### **What constitutes a quorum?**

For the purposes of the Meeting, a quorate meeting will be formed by two persons being present and between them holding (or being the proxy or corporative representative of the holders of) at least one-third in number of the issued ordinary shares of the Company entitled to vote at the Meeting.

If you are an ordinary shareholder of record, your shares will be counted towards the quorum only if you are present in person or represented by proxy at the Meeting. If you are a beneficial owner of ordinary shares held in an account at a brokerage firm, bank or other similar organization your shares will be counted towards the quorum if your broker or nominee submits a proxy for those shares and the proxy represents the holder at the Meeting. A member represented by a proxy at the Meeting will be counted towards the quorum requirement even where the proxy abstains from voting. If a form of proxy does not instruct the proxy how to vote, the proxy may vote as he or she sees fit or abstain in relation to any business of the Meeting, but the member represented by that proxy at the Meeting will be counted towards the quorum requirement. If there is no quorum, the Meeting will stand adjourned to such time, date and place as may be fixed by the chairperson of the Meeting (being not less than 10 days later), and, if a quorum is not present at the adjourned meeting, the Meeting will be dissolved.

Where Citibank N.A. submits votes on behalf of any ADS holders, the number of ordinary shares represented by the ADSs held by the relevant ADS holders will count towards the quorum.

#### **How do I vote my shares?**

*If you are an ordinary "shareholder of record," you may appoint a proxy to vote on your behalf:*

- By submitting your proxy online at [www.investorcentre.co.uk/eproxy](http://www.investorcentre.co.uk/eproxy) (see instructions on form of proxy); or
- By completing and signing the form of proxy and returning it in the envelope provided; or
- For CREST members, by appointing a proxy by using the CREST electronic proxy appointment service.

All proxies (however submitted) must be lodged with our registrar (Computershare) **by no later than 12:00 p.m. London time (7:00 a.m. Eastern Standard Time) on Friday, May 10, 2024.**

If you properly give instructions as to your proxy appointment by executing and returning a form of proxy, or by submitting your proxy online, and your proxy appointment is not subsequently revoked, your shares will be voted by the attendance of your proxy at the Meeting and your proxy voting in accordance with your instructions.

*If your ordinary shares are held in an account at a brokerage firm, bank or similar organization, you should follow directions provided by your broker, bank or other nominee.*

**How will my shares be voted if I do not specify how they should be voted?**

If you sign and send your form of proxy but do not indicate how you want your shares to be voted, your shares may be voted by the person that you appoint as your proxy as he or she sees fit or such person may abstain in relation to any business of the Meeting.

**Can I change my vote or revoke a proxy?**

A registered shareholder can revoke his or her proxy before the time of voting at the Meeting by:

- emailing or mailing a revised form of proxy dated later than the prior form of proxy; or
- notifying the Company's registrar (Computershare) in writing that you are revoking your proxy. Your revocation must be received by Computershare not less than 48 hours (not including non-business days) before the time of the Meeting to be effective; or
- voting in person at the Meeting.

If your ordinary shares are held in an account at a brokerage firm, bank or similar organization, you may change or revoke your voting instructions by contacting the broker, bank or other nominee holding the shares.

**Who counts the votes?**

Computershare Investor Services PLC ("Computershare") has been engaged as our independent agent to tabulate shareholder votes. If you are an ordinary shareholder of record, you can directly submit your proxy online to Computershare at [www.investorcentre.co.uk/eproxy](http://www.investorcentre.co.uk/eproxy) (see instructions on form of proxy) or you can return your executed form of proxy to Computershare for tabulation.

If you hold your ordinary shares through a broker, your broker will directly submit your proxy to Computershare online or return the form of proxy to Computershare.

If you are a holder of record of ADSs, you can return your executed ADS proxy card to Citibank, N.A. for tabulation. If you hold your ADSs through a broker, bank or other organization, that organization can return the ADS proxy card to Citibank, N.A. following your instruction. Citibank, N.A. will submit your votes to Computershare for tabulation.

**How are votes counted?**

Votes will be counted by Computershare, who will separately count "for" and "against" votes, and "votes withheld" or abstentions. A "vote withheld" or abstention is not a vote in law and will not be counted in the calculation of the votes "for" and "against" a resolution.

**How many votes do I have?**

On a show of hands, each ordinary shareholder of record present in person, and each duly authorized representative present in person of a shareholder that is a corporation, has one vote. On a show of hands, each proxy present in person who has been duly appointed by one or more shareholders has one vote, but a proxy has one vote for and one vote against a resolution if, in certain circumstances, the proxy is instructed by more than one shareholder to vote in different ways on a resolution. On a poll, each shareholder present in person or by proxy or (being a corporation) by a duly authorized representative has one vote for each share held by the shareholder.

**What if I plan to attend the Meeting?**

Attendance at the Meeting will be limited to ordinary shareholders of record as of 6:30 p.m. London time (1:30 p.m. Eastern Standard Time) on Friday, May 10, 2024. In order to obtain admittance to the Meeting each shareholder may be asked to present valid picture identification, such as a driver’s license or passport.

**How do you solicit proxies?**

We have engaged Morrow Sodali LLC (“Morrow Sodali”) to assist in the solicitation of proxies for the Meeting. We estimate that we will pay Morrow Sodali a fee not to exceed \$15,000. We have agreed to reimburse Morrow Sodali for certain reasonable and documented out-of-pocket fees and expenses, including telephone charges, and will also indemnify Morrow Sodali, its subsidiaries and their respective directors, officers, employees and agents against certain claims, liabilities, losses, damages and expenses. We may also reimburse banks, brokers or their agents for their expenses in forwarding proxy materials to beneficial owners of our ordinary shares. Our directors, officers and employees also may solicit proxies by telephone, by facsimile, by mail, on the Internet or in person. They will not be paid any additional amounts for soliciting proxies. We will also reimburse Citibank, N.A. for their expenses in sending materials, including ADS proxy cards, to ADS holders of record.

**What do I do if I receive more than one notice or form of proxy?**

If you hold your ordinary shares in more than one account, you will receive a form of proxy for each account. To ensure that all of your shares are voted, please sign, date and return all forms of proxy. Please be sure to vote all of your shares.

**Will there be any other business conducted at the Meeting?**

No. In accordance with our Articles of Association, other than with respect to procedural matters in relation to the Meeting, no business other than proposals 1 through 14 may be presented at this Meeting. ## ELECTION OF DIRECTORS

Our Board of Directors currently consists of nine directors.

Our Articles of Association require that those directors who were appointed by the Board since our 2023 Annual General Meeting must retire from office and may offer themselves for re-election. Accordingly, each of Dr. Andrew Allen, Dr. Priti Hegde, Dr. Kristen Hege and Dr. Garry Menzel will retire from office and offer himself or herself for re election by our shareholders at the 2024 AGM.

Additionally, our Articles of Association require one-third (or such number nearest to but not exceeding one-third) of our directors who are subject to retirement by rotation to retire from office at each annual general meeting, being those directors longest in office since their last re-election or appointment. In the case of equal tenure, retirement is by agreement. Of the five directors subject to retirement by rotation, Mr. David Mott and Mr. Lawrence Alleva, will, on this occasion, retire from office and stand for re-election by our shareholders.

Having carried out an evaluation of the individual performance of each of Dr. Andrew Allen, Dr. Priti Hegde, Dr. Kristen Hege, Dr. Garry Menzel, Mr. David Mott and Mr. Lawrence Alleva with the support of the Corporate Governance and Nominating Committee, the Board is satisfied that their performance continues to be effective and that they continue to demonstrate commitment to their roles. The Board considers that it is entirely appropriate for each of Dr. Andrew Allen, Dr. Priti Hegde, Dr. Kristen Hege, Dr. Garry Menzel, Mr. David Mott and Mr. Lawrence Alleva to seek re-election at the AGM.

Each of the above directors has been nominated for re-election and no other nominees for directors have been presented. Therefore, it is anticipated that following the AGM, if all of the above directors are re-elected, the Board of Directors will be comprised of nine members.

In addition, he was a consultant with Bain & Company.

Dr. Menzel was a founding board member of Fierce 15 award winner Black Diamond Therapeutics (Nasdaq: BDTX), a clinical stage precision oncology company, and serves as chair of the audit committee. **PROPOSAL 10 — ADVISORY (NON-BINDING) VOTE TO APPROVE THE COMPANY’S EXECUTIVE COMPENSATION**

The Dodd-Frank Wall Street Reform and Consumer Protection Act, as amended, and Section 14A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) enable our shareholders to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed under the “Executive Compensation Discussion and Analysis” section, the 2023 Summary Compensation Table and the related compensation tables, notes, and narrative in this proxy statement.

This proposal, known as a “Say-on-Pay” proposal, gives our shareholders the opportunity to express their views on our named executive officers’ compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and the philosophy, policies and practices described in this proxy statement.

Our compensation programs are designed to support our business goals and promote our long-term profitable growth. Our equity plans are intended to align compensation with the long-term interests of our shareholders. We urge shareholders to read the “Executive Compensation Discussion and Analysis” section, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives. We also encourage you to review the 2023 Summary Compensation Table and other related compensation tables and narratives, which provide detailed information on the compensation of our named executive officers. The Board and the Remuneration Committee believe that the policies and procedures described and explained in the “Executive Compensation Discussion and Analysis” section are effective in achieving our goals.

The vote under this Proposal No. 10 is advisory, and therefore not binding on the Company, the Board or our Remuneration Committee. However, our Board of Directors and Remuneration Committee values the opinions of our shareholders and will review and consider the voting results when making future decisions regarding our executive compensation program. Currently, we expect to hold an advisory vote on the compensation paid to our named executive officers each year and expect that the next such vote will occur at our 2025 annual general meeting of shareholders.

Shareholders will be asked at the Meeting to approve the following resolution pursuant to this Proposal No. 10:

“**RESOLVED**, that the shareholders of the Company approve, on a non-binding, advisory basis, the compensation of the Company’s “named executive officers,” as disclosed in this proxy statement under the “Executive Compensation Discussion and Analysis” section, the compensation tables and the narrative disclosures that accompany the compensation tables.”

**PROPOSAL 11 — APPROVAL OF OUR U.K. STATUTORY DIRECTORS' ANNUAL REPORT ON REMUNERATION**

Our U.K. statutory directors' remuneration report is set forth as Annex A (excluding Part II of Annex A) to this proxy statement. The directors' remuneration report includes the annual report on remuneration. This document describes in detail our remuneration policies and procedures and explains how these policies and procedures help to achieve our compensation objectives with regard to our directors and the retention of high-quality directors. Our Board of Directors and the Remuneration Committee believe that the policies and procedures as articulated in the directors' remuneration report are effective and that as a result of these policies and procedures we have and will continue to have high-quality directors. Our Board of Directors has approved and signed the report in accordance with English law.

At the Meeting, the shareholders will vote on the annual report on remuneration, excluding the directors' remuneration policy which will be considered under Proposal 12. This vote is advisory and non-binding. Although non-binding, our Board of Directors and Remuneration Committee will review and consider the voting results when making future decisions regarding our director remuneration program. Following the Meeting, and as required under English law, the directors' annual report on remuneration will be delivered to the U.K. Registrar of Companies.

FOR THE APPROVAL OF OUR U.K. STATUTORY DIRECTORS' ANNUAL REPORT ON  
REMUNERATION SET FORTH AS ANNEX A (EXCLUDING PART II OF ANNEX A)***

**PROPOSAL 12 — APPROVAL OF DIRECTORS REMUNERATION POLICY**

Our U.K. statutory directors' remuneration policy is set forth as Part II of Annex A to this proxy statement. Our directors' remuneration policy is used to determine the remuneration for our directors, including our Chief Executive Officer (our sole executive director), and our senior executive officers. The policy has as its key objective the engagement and retention of high-quality directors and senior executive officers. The last approved remuneration policy was approved by the shareholders at our 2021 annual general meeting and the new remuneration policy is scheduled to be proposed for approval at the 2024 AGM, as required by the U.K. Companies Act 2006.

As set forth in Part II of Annex A, we submit our new proposed remuneration policy, which our Board of Directors has determined is competitive and consistent with current market practices. Our Remuneration Committee conducted a comprehensive review of the remuneration policy. Our Board of Directors and our Remuneration Committee consider that the last approved Directors' Remuneration Policy continues to be appropriate and fit for purpose. However, minor revisions are proposed to align the policy with market practice and to ensure that the policy can be operated as flexibly as possible in the years ahead. The only substantive changes are:

- (i) to amend the policy on loss of office such that, in the event of termination by the Company without cause or resignation by an executive director for good reason (in each case following a change of control), the executive director is entitled to salary and benefits continuation of up to 18 months (rather than up to 12 months under the existing policy). The provision of up to 18 months salary and benefits continuation, following a change of control, aligns with prevailing US market practice where our Chief Executive Officer (our sole executive director) is based; and
- (ii) to amend the policy to provide for compensation clawback. This amendment reflects our clawback policy, adopted during 2023 to conform with Nasdaq and SEC requirements, under which we may seek the recovery and/or forfeiture of incentive-based compensation paid by the Company in the event that we restate our financial statements under certain circumstances. The clawback policy generally applies to all incentive-based compensation (cash, equity, or equity-based compensation) received by a covered executive during the three completed fiscal years immediately preceding the date that the Company is required to prepare a restatement after the policy's effective date. The clawback policy was filed as an exhibit to the Company's Form 10-K for the year ended December 31, 2023.

Our Board of Directors and Remuneration Committee are committed to reviewing the policy on an ongoing basis in order to ensure that it remains effective and competitive.

Our Board of Directors has approved the directors' remuneration policy and believes it is effective to achieve its objectives. The directors' remuneration policy, if approved, will take effect immediately upon conclusion of the Meeting. Further information about the policy is available at "*Director Remuneration*" and the policy is set forth as Part II of Annex A to this proxy statement.

***THE BOARD RECOMMENDS YOU VOTE  
FOR THE APPROVAL OF OUR DIRECTORS' REMUNERATION POLICY  
SET FORTH AS PART II OF ANNEX A***

**BACKGROUND TO PROPOSALS 13 AND 14**

Pursuant to the U.K. Companies Act 2006, our Board of Directors may only allot and issue shares or grant rights over shares if authorized to do so by our shareholders. Additionally, the U.K. Companies Act 2006 requires that where the Company wishes to issue shares for cash, we must first offer those shares on the same terms to existing shareholders of the Company on a pro-rata basis (commonly referred to as a statutory pre-emption right) unless this statutory pre-emption right is dis-applied, or opted-out of, with the approval of the shareholders.

Our Board of Directors anticipates that there may be occasions when they need flexibility to finance business opportunities and growth, or otherwise act in the best interests of the Company, by the issuance of shares or grant of rights over shares without a pre-emptive offer to existing shareholders. To ensure our continued ability to respond to market conditions and address business needs, our Board of Directors considers it appropriate that they be authorized to allot shares up to an aggregate nominal amount of £505,881.00 and be empowered to allot shares or grant rights over shares pursuant to this authority on a non-pre-emptive basis. This authority to allot shares and power to allot shares on a non-pre-emptive basis would apply until the earlier of the conclusion of the annual general meeting in 2025 and June 30, 2025, and will replace all of the existing authorities and powers granted by our shareholders.

These proposals 13 and 14, our Share Authority Proposals, are, in the Board's view, appropriate to avoid us potentially being at a competitive disadvantage as compared to our peer companies, many of whom are incorporated in the United States. In particular, the requirement to first offer shares that we propose to issue for cash to all of our existing shareholders in time-consuming pro-rata rights offerings would considerably reduce the speed at which we could complete capital-raising activities undertaken in furtherance of our growth strategy and would potentially make it difficult for us to complete such transactions. Many of our strategic competitors are incorporated in the United States where they are not subject to restrictions on their ability to issue shares.

The Share Authority Proposals are fully compliant with U.K. company law, consistent with U.S. capital markets practice and governance standards, and if approved, will keep us on an equal footing with our peer companies who are incorporated in the United States. Further, approval of the Share Authority Proposals by shareholders will not exempt the Company from any Nasdaq corporate governance or other requirements, including those limiting the issuance of shares. For these reasons, we, therefore, consider that the Share Authority Proposals are appropriate to the needs of the Company and in the interests of shareholders.

We are asking you to approve our Share Authority Proposals to allow us to continue to execute on our business and growth strategy in a timely and competitive manner.

The full details of the proposals are set forth below.

**PROPOSAL 13 — AUTHORIZATION OF ALLOTMENT OF SHARES**

Under the U.K. Companies Act 2006, our Board of Directors cannot allot shares in the Company (other than pursuant to an employee share scheme) unless they are authorized to do so by the Company in general meeting. The Directors currently have an existing authority to allot shares in the Company and to grant rights to subscribe for or convert securities into shares in the Company. This authority was granted to the Directors on May 16, 2023 and was in respect of a maximum aggregate nominal amount of £327,921.00, which represented approximately 33% of the then issued ordinary share capital of the Company. It remains unexercised in respect of approximately 10.39% of the Company's issued ordinary share capital as of April 9, 2024. Resolution 13 is an ordinary resolution to seek a new authority, which will replace the existing authority.

Resolution 13 proposes that the Directors are granted authority to allot new shares or to grant rights to subscribe for or to convert any security into shares in the Company up to a maximum aggregate nominal amount of £505,881.00. This amount represents approximately 33% of the issued share capital of the Company as of April 9, 2024. If approved by shareholders, this authority will expire on the earlier of the conclusion of the annual general meeting in 2025 and June 30, 2025.

The Directors have no present intention of exercising this authority, except in relation to the Company's share incentive schemes, but believe it is in the interests of shareholders for the Directors to have this flexibility to allot shares otherwise than just in relation to the Company's share incentive schemes should circumstances and their intentions change.

The grant of this authority will not exempt the Company from applicable Nasdaq requirements to obtain shareholder approval prior to certain share issuances or to comply with applicable SEC disclosure and other regulations. Our Board of Directors will continue to focus on and satisfy its fiduciary duties to our shareholders with respect to share issuances.

***THE BOARD OF DIRECTORS RECOMMENDS A VOTE  
FOR THE APPROVAL OF PROPOSAL 13***

**PROPOSAL 14 — DISAPPLICATION OF PRE-EMPTION RIGHTS**

As a UK incorporated company, the Company's ordinary shareholders are entitled, under the U.K. Companies Act 2006, to pre-emption rights, whereby, in the event that the Company wishes to allot new equity securities for cash, those securities must first be offered to existing shareholders in proportion to the number of ordinary shares they each hold before they can be offered to new shareholders.

In practice, the operation of such pre-emption rights is onerous and can result in significant delay and additional expense to the cost of an equity fundraising. It is therefore customary for our Board of Directors to seek authority from our shareholders to dis-apply statutory pre-emption rights for cash issues of up to a limit approved by the Company's shareholders.

With the Company solely listed on Nasdaq, and the Company's peers, key shareholders and primary target market being in the United States, the Board is mindful of the fact that equivalent United States incorporated companies are not required to offer shares to existing shareholders on a pre-emptive basis in the event they are pursuing an equity fundraising. The Board considers that this may place the Company at a competitive disadvantage.

Therefore, Resolution 14 seeks a disapplication of pre-emption rights for cash issues of up to a certain proportion of the Company's issued ordinary share capital. Our Board of Directors currently has a power to allot shares as if the rights of pre-emption applicable under the U.K. Companies Act 2006 did not apply for cash issues. This power was granted to the Directors pursuant to shareholder resolutions passed on May 16, 2023 and was in respect of a maximum aggregate nominal amount of £327,921.00 which represented approximately 33% of the then issued ordinary share capital of the Company. It remains unexercised in respect of approximately 10.39% of the Company's issued ordinary share capital as of April 9, 2024.

The Directors have decided to seek a new disapplication of pre-emption rights for cash issues to replace the existing power. This Resolution will, if passed, give the Directors power, pursuant to the authority to allot granted by Resolution 13, to allot shares for cash or to grant rights to subscribe for or to convert any security into shares without first offering them to existing shareholders in proportion to their existing holdings up to an aggregate maximum nominal amount of £505,881.00, which represents approximately 33% of the Company's issued share capital as of April 9, 2024.

This Resolution will be required to be passed as a special resolution and, if passed, this power will expire on the earlier of the conclusion of the annual general meeting in 2025 and June 30, 2025.

The Directors have no present intention of exercising this power, except in relation to the Company's share incentive schemes, but believe it is in the interests of shareholders for the Directors to have this flexibility to allot shares for cash otherwise than just in relation to the Company's share incentive schemes should circumstances and their intentions change.

Our Board of Directors considers that, at this stage of development of the Company, the ability to raise new equity funds at relatively short notice and at low cost is vital to the continuing financial health of the business. We believe that it is in the best interests of the Company and our shareholders for the Board to seek to retain the ability to readily raise new equity funds at the appropriate time.

## **CORPORATE GOVERNANCE**

### ***Structure of our Board of Directors***

The leadership structure of our Board of Directors separates the positions of Chief Executive Officer and Chairman of the Board in order to ensure independent leadership of the Board. Our Board believes that this separation is appropriate for the Company at this time because it allows for a division of responsibilities, with our CEO focused on leading the Company while the Chairman can focus on leading the Board in overseeing management, and for a sharing of ideas between individuals having different perspectives.

### ***Independence of our Board of Directors***

Our Board of Directors has determined that all of our directors, other than Adrian Rawcliffe, our CEO, qualify as "independent" directors in accordance with the independence requirements under the applicable listing standards of The Nasdaq Global Market as well as applicable rules promulgated by the SEC.

Our Board of Directors has made a subjective determination as to each independent director that no relationships exist that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our Board of Directors reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities and relationships as they may relate to us and our management. There are no family relationships among any of our directors or executive officers.

Our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. All of the committees of our Board of Directors are comprised entirely of directors determined by the Board of Directors to be independent.

### ***Board Oversight of Risk Management***

Our management is primarily responsible for assessing and managing risk, while our Board of Directors is responsible for overseeing management's execution of its responsibilities. Our Board of Directors is supported by its committees in fulfillment of this responsibility. For example, our Audit Committee focuses on our overall financial risk by evaluating our internal controls and disclosure policies as well as ensuring the integrity of our financial statements and periodic reports. The Audit Committee also monitors compliance with legal and regulatory requirements. Our Remuneration Committee strives to create incentives that encourage an appropriate level of risk-taking consistent with our business strategy. Finally, our Corporate Governance and Nominating Committee ensures that our governance policies and procedures are appropriate in light of the risks we face.

## **COMMITTEES OF OUR BOARD OF DIRECTORS**

Our Board of Directors has four standing committees: the Audit Committee, the Remuneration Committee, the Corporate Governance and Nominating Committee and the R&D Committee. The charters for each of these committees can be found on our website at <https://www.adaptimmune.com>.

Our Audit Committee is currently composed of Mr. Alleva, Mr. Furey and Dr. Menzel, with Mr. Alleva serving as chairman of the committee. Our Board of Directors has determined that each member of the Audit Committee meets the independence requirements of Rule 10A-3 under the Exchange Act and the applicable listing standards of The Nasdaq Capital Market. Our Board of Directors has determined that each of Mr. Alleva and Dr. Menzel is an “audit committee financial expert” within the meaning of SEC regulations and the applicable listing standards of The Nasdaq Global Market. The Audit Committee held seven meetings during 2023. The Audit Committee’s responsibilities include:

- overseeing and reviewing our internal controls, accounting policies and financial reporting and provide a forum through which our independent registered public accounting firm reports;
- meeting at least once a year with our independent registered public accounting firm without executive Board members present;
- overseeing the activities of our independent registered public accounting firm, including their appointment, reappointment or removal, as well as monitoring of their objectivity and independence;
- considering the fees paid to the independent registered public accounting firm and determine whether the fee levels for non-audit services, individually and in aggregate, relative to the audit fee are appropriate to enable an effective and high quality audit to be conducted; and
- maintaining oversight over related person transactions to ensure that they are appropriately disclosed and to make recommendations to the Board of Directors regarding authorization, and for considering noteworthy questions of possible conflicts of interest involving directors.

#### ***Remuneration Committee***

Our Remuneration Committee is currently composed of Mr. Mott, Dr. Allen and Mr. Furey, with Mr. Mott serving as chairman of the committee. Our Board of Directors has determined that each member of the Remuneration Committee is “independent” as defined under the applicable Nasdaq rules. The Remuneration Committee held six meetings during 2023. The Remuneration Committee’s responsibilities include:

- reviewing corporate goals and objectives relevant to the compensation of our senior executive officers and making recommendations concerning such objectives to the Board of Directors;
- appointing, compensating and overseeing the work of any compensation consultant or other advisor retained by the Remuneration Committee;
- reviewing the performance of our senior executive officers and our Chief Executive Officer who is our sole executive director;
- setting the policy for the remuneration of the senior executive officers and executive directors and the basis of their service and employment agreements with due regard to the interests of the shareholders;

- reviewing and approving the compensation of our senior executive officers other than our Chief Executive Officer;
- making recommendations to the Board of Directors with respect to the compensation of the Chief Executive Officer and the Non-Executive Directors;

#### *Remuneration Committee Interlocks and Insider Participation*

None of the members of our Remuneration Committee has at any time been one of our officers or employees. None of our executive officers currently serves, or in the past fiscal year has served, as a member of our Remuneration Committee or the remuneration committee of any entity that has one or more executive officers serving on our Board of Directors.

As noted above, our Board of Directors has delegated to the Remuneration Committee the authority to determine the compensation for our executive officers with the exception of our Chief Executive Officer who is also our sole executive director. Executive and non-executive director compensation is recommended by our Remuneration Committee to the Board of Directors for approval. Our Chief Executive Officer may participate in general discussions with our Remuneration Committee and Board of Directors about these compensation matters but he does not participate in discussions during which his individual compensation is being considered and approved. Our policy is that no individual will participate in discussions or decisions concerning his or her own compensation.

In 2022 the Committee retained Pearl Meyer, an independent compensation consultant, to assist the Committee with respect to compensation actions in 2023 with the goal of ensuring that our compensation arrangements for our CEO, our other senior executive officers and our non-executive directors were competitive. Pearl Meyer provided data from comparable publicly traded biopharmaceutical companies and otherwise assisted the Committee in its design of competitive compensation for our senior executives and non-executive directors. The Committee expects to continue to use compensation consultants to assist the Committee in determining competitive levels of executive and non-executive compensation and specific design elements of our executive compensation program and non-executive directors' compensation program. The Committee continued to retain Pearl Meyer through 2023 in order to ensure that our compensation arrangements are competitive for 2024. After review and consultation with Pearl Meyer, the Committee determined that Pearl Meyer is independent and that there is no conflict of interest resulting from retaining Pearl Meyer in 2022 or in 2023. In reaching these conclusions, our Remuneration Committee considered the factors set forth in the SEC rules and the applicable listing standards of The Nasdaq Global Market.

#### *Corporate Governance and Nominating Committee*

Our Corporate Governance and Nominating Committee is currently composed of Mr. Mott, Dr. Behbahani, and Dr. Hegde, with Mr. Mott serving as chairman of the committee. Our Board of Directors has determined that each member of the Corporate Governance and Nominating Committee is "independent" as defined under the applicable Nasdaq rules. The Corporate Governance and Nominating Committee held five meetings during 2023. The Nominating and Corporate Governance Committee's responsibilities include:

- reviewing the structure, size and composition of the Board of Directors;
- recommending to our Board of Directors individuals to be nominated for election as directors and to each of the committees of our Board;

- supervising the selection and appointment process of directors;
- making recommendations to the Board of Directors with regard to any changes and using an external search consultant if considered appropriate;
- appointing, compensating and overseeing the work of any search firm or other advisor retained by the Committee;
- making final recommendations to the Board of Directors with respect to new appointments, which includes meeting the candidate prior to approving the appointment;
- overseeing the induction of new directors and providing appropriate training to the Board of Directors during the course of the year in order to ensure that they have the knowledge and skills necessary to operate effectively; and
- evaluating the performance of the Board of Directors, both on an individual basis and for the Board of Directors as a whole, taking into account such factors as attendance record, contribution during board meetings and the amount of time that has been dedicated to board matters during the course of the year.

#### ***Research and Development Committee***

Our Research and Development (“R&D”) Committee was established effective from January 1, 2024 and is currently composed of Dr. Hege, Dr. Allen, Dr. Behbahani, and Dr. Hegde, with Dr. Hege serving as chairman of the committee. Our Board of Directors has determined that each member of the R&D Committee is “independent” as defined under the applicable Nasdaq rules. The purpose of the R&D Committee is to assist the Board of Directors in fulfilling its oversight responsibilities with respect to the Company’s R&D strategy; the Company’s pipeline; and other clinical, scientific and R&D matters. Topics may include:

- reviewing the Company’s R&D strategy and programs and the Company’s progress in achieving R&D goals and objectives;
- reviewing the Company’s position and strategies in relation to emerging scientific trends and activities critical to the success of R&D;
- reviewing the Company’s preclinical and clinical data, programmes, pipeline and the progress thereof; and
- reviewing the quality, direction and competitiveness of the Company’s R&D programs.

#### ***Director Nomination Process***

The Corporate Governance and Nominating Committee of the Board of Directors reviews possible candidates for the Board and recommends the nominees for Directors to the Board for approval. The criteria that the Corporate Governance and Nominating and Committee and the Board of Directors look for in determining candidates for election to the Board, include, among others:

- the highest personal and professional ethics, integrity and values;
- commitment to representing the long-term interests of the Company’s shareholders;
- independence under the standards promulgated by The Nasdaq Global Market; and
- ability to dedicate the time and resources sufficient to ensure the diligent performance of his or her duties on our behalf, including attending all Board of Directors and applicable committee meetings.

Although we do not have a standalone diversity policy, diversity is among the critical factors that the Board of Directors considers when evaluating its composition. It is the Corporate Governance and Nominating Committee’s policy that the composition of the Board of Directors reflect a range of talents, ages, skills, character, diversity and expertise, particularly in the areas of accounting and finance, management, domestic and international markets, leadership, corporate governance, and biotechnology and related industries, sufficient to provide sound and prudent guidance with respect to the operations and interests of

the Company. The independent directors of our Board of Directors believe that the current members of the Board of Directors reflect an appropriate diversity of gender, age, race, geographical background and experience but are committed to continuing to consider diversity issues in evaluating the composition of the Board of Directors.

The Nominating and Corporate Governance Committee's policy does not contemplate any disparate treatment of management nominees versus those put forth by our shareholders. To date, the Committee has worked with Egon Zehnder and Perspective, each of whom is an independent global board and executive search firm, and with Carey Advisors, LLC, an independent board and executive search firm, to assist in identifying and evaluating potential nominees against role specifications.

#### ***Shareholder Recommendations and Nominees***

It is the policy of our Board of Directors that the Corporate Governance and Nominating Committee consider both recommendations and nominations for candidates to the Board from shareholders so long as such recommendations and nominations comply with our Articles of Association and applicable laws, including the rules and regulations of the SEC. Shareholders may recommend director nominees for consideration by the Corporate Governance and Nominating Committee by writing to our Company Secretary at the address below, or the Company's registered office address from time to time, and providing evidence of the shareholder's ownership of our ordinary shares and/or ADSs, the nominee's name, home and business address and other contact information, as well as the nominee's detailed biographical data and qualifications for board membership, and information regarding any relationships between the recommended candidate and the Company within the last three fiscal years.

Following verification of the shareholder status of the person submitting the recommendation, all properly submitted recommendations will be promptly brought to the attention of the Corporate Governance and Nominating Committee. Shareholders who desire to nominate persons directly for election to the Board at an annual general meeting of shareholders must meet the deadlines and other requirements set forth under "Additional Information — Shareholder Proposals for 2025 Annual General Meeting." Any vacancies on the Board of Directors occurring between our annual general meetings of shareholders may be filled by persons selected by a majority of the directors then in office, in which case any director so appointed will serve until the next annual general meeting of shareholders when such director will offer himself/herself for re-election, or by persons elected by an ordinary resolution of the shareholders of the Company.

## SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table and related footnotes set forth information with respect to the beneficial ownership of our ordinary shares, as of April 1, 2024, by:

- each beneficial owner of more than 5% of our ordinary shares
- each of our named executive officers and directors;

Beneficial ownership is determined in accordance with the rules and regulations of the Securities and Exchange Commission (“SEC”). In computing the number of ordinary shares beneficially owned by a person and the percentage ownership of that person, ordinary shares subject to options, or other rights held by such person that are currently exercisable or will become exercisable within 60 days of April 1, 2024 are considered outstanding. These ordinary shares, however, are not included in the computation of the percentage ownership of any other person. Applicable percentage ownership is based on 1,532,974,878 ordinary shares outstanding as of April 1, 2024.

**DELINQUENT SECTION 16(a) REPORTS**

All of our directors, executive officers and any greater than 10 percent shareholders are required by Section 16(a) of the Exchange Act to file with the SEC initial reports of ownership and reports of changes in ownership of shares and to furnish us with copies of such reports. Based on a review of those reports and written representations that no other reports were required, we believe that our Section 16 directors and officers complied with all of their applicable Section 16(a) filing requirements.

**TRANSACTIONS WITH RELATED PERSONS****Certain Relationships and Related Party Transactions*****Related Person Transactions***

Other than the compensation arrangements described below under the sections “Director Remuneration” and “Executive Compensation Discussion and Analysis”, in the period from January 1, 2023 through the date of this proxy statement, we were not a party to any transactions between us and certain “related persons”, which are generally considered to be our executive officers, directors, director nominees or 5% shareholders, or their immediate family members.

***Related Person Transactions Policy***

We have adopted a policy with respect to the review, approval and ratification of related party transactions. Under the policy, our Audit Committee will be responsible for reviewing and approving related person transactions. In the course of its review and approval of related person transactions, our Audit Committee will consider the relevant facts and circumstances to decide whether to approve such transactions. In particular, our policy will require our Audit Committee to consider, among other factors it deems appropriate:

- the related person’s relationship to us and interest in the transaction;
- the interests, direct or indirect, of any related person in the transaction in sufficient detail so as to enable the Audit Committee to assess such interests;
- the material facts of the proposed related-person transaction, including the proposed aggregate value of such transaction, or, in the case of indebtedness, that amount of principal that would be involved;
- the benefits to us of the proposed transaction;
- an assessment of whether the proposed transaction is on terms that are comparable to the terms available to an unrelated third party or to employees generally; and
- management’s recommendation with respect to the proposed related-person transaction.

The Audit Committee may only approve those transactions that are in, or are not inconsistent with, our best interests and those of our shareholders, as the Audit Committee determines in good faith. If Audit Committee review and approval would be inappropriate, the relevant related party transaction will be referred to another independent body of our Board for review, consideration, approval or ratification.

For purposes of the policy we refer to transactions in which (a) we were a participant, (b) the amount involved exceeded \$120,000 and (c) one or more of our executive officers, directors, director nominees or 5% shareholders, or their immediate family members (each of whom we refer to as a “related person”) had a direct or indirect material interest as “related person transactions.”

## DIRECTOR REMUNERATION

Under our Directors' Remuneration Policy, the Board has the discretion to pay our Non-Executive Directors for their Board and committee service in the form of cash fees or stock options or a mixture of cash fees and stock options. Our remuneration arrangements for Non-Executive Directors during 2023 comprised an award of a fixed number of stock options, plus an additional number of stock options or cash payment at the director's election. The option awards and cash payments were made at competitive levels of peer group data from comparable companies provided in a competitive benchmarking analysis undertaken by Pearl Meyer in 2023 and are compliant with the Directors' Remuneration policy approved by our shareholders at our Annual General Meeting on May 14, 2021.

Under our Directors' Remuneration Policy in effect in 2023, our Non-Executive Directors earned the following annual cash compensation or made an election to receive such compensation in the form of an additional number of stock options.

	<b>2023 Cash Compensation</b>
Board of Directors	\$ 40,000
Chairman (additional retainer)	\$ 35,000
Audit Committee Chair (additional retainer)	\$ 20,000
Remuneration Committee Chair (additional retainer)	\$ 15,000
Corporate Governance and Nominating Committee Chair (additional retainer)	\$ 10,000
Audit Committee member/non-Chair (additional retainer)	\$ 10,000
Remuneration Committee member/non-Chair (additional retainer)	\$ 7,500
Corporate Governance and Nominating Committee member/non-Chair (additional retainer)	\$ 5,000

All cash payments are payable monthly in arrears at the end of each month during which such individual served as a director (with prorated payments for service during a portion of such month). The cash compensation is targeted at the 50<sup>th</sup> percentile of peer group data. Our Non-Executive Directors are also entitled to receive reimbursement of expenses incurred in the course of performing services to the Company.

Our Non-Executive Directors do not receive any pension from the Company nor do they participate in any performance-related incentive plans. Our Non-Executive Directors participate in the Group's long-term incentive plans on terms similar to those used for our executive directors and officers.

On joining the Board, our Non-Executive Directors are eligible to receive an initial award of stock options covering up to 1,000,000 of our ordinary shares and, at their election, either cash compensation, as set forth above, or additional options of equivalent value. All such options vest over three years with the first 25% vesting on the first anniversary of the date of grant. Subsequently, all Non-Executive Directors are eligible to receive an annual award of stock options covering up to 500,000 of our ordinary shares and, at their election, either cash compensation, as set forth above, or additional options of equivalent value. All options awarded annually are exercisable on the first anniversary of the date of grant. These long-term equity incentive awards are targeted at the 50<sup>th</sup> percentile of peer group data.

During 2023, all Non-Executive Directors were granted an annual award of stock options with the exception of Tal Zaks, who stood down on March 31, 2023, and Barbara Duncan and James Noble who each stood down on June 1, 2023, on the closing of the merger with TCR<sup>2</sup>.

In determining option awards, our Board of Directors works within benchmarking guidelines provided by compensation consultants and seeks recommendations from our Remuneration Committee. All options are granted with an exercise price that is no lower than the fair market value of an ordinary share on the date prior to the date of grant.

## EXECUTIVE COMPENSATION DISCUSSION AND ANALYSIS

### Overview

This Compensation Discussion and Analysis (“CD&A”) discusses the compensation philosophy, policies and principles underlying our executive compensation decisions for 2023. This section discusses the material components of the executive compensation program offered to our named executive officers, or NEOs, identified below. As of December 31, 2023, these NEOs were:

- Adrian Rawcliffe, Chief Executive Officer;
- Gavin Wood, Chief Financial Officer;
- William Bertrand, Chief Operating Officer;
- Helen Tayton-Martin, Chief Business & Strategy Officer; and
- Elliot Norry, Chief Medical Officer.

### Executive Summary

Our primary goal in 2023 was to progress the development of the Group including:

- filing the Biologics License Application (BLA) for afami-cel and progressing towards commercialization of afami-cel. We submitted the BLA for our first product, afami-cel, for the treatment of synovial sarcoma where there are limited options and a poor prognosis for individuals with advanced disease. We are targeting the commercial launch of afami-cel upon receipt of FDA approval. We continue to build the systems, policies and commercial capabilities to support that launch.
- progressing the ADP-A2M4CD8 T-cell therapy into later phase clinical trials. A Phase 2 trial for people with platinum resistant ovarian cancer is recruiting patients. The Phase 2 trial will evaluate ADP-A2M4CD8 as both monotherapy and in combination with a checkpoint inhibitor, nivolumab, in ovarian cancer.
- progressing the ADP-A2M4CD8 T-cell therapy into earlier lines of therapy. Enrollment is ongoing in a Phase 1 trial, focusing on treatment of patients with head and neck and urothelial cancers in earlier line settings and in combination with a checkpoint inhibitor (nivolumab). The trial is open at clinical sites in US, Canada, France, UK and Spain.
- progressing PRAME directed T-cell therapies into the clinic. The PRAME directed T-cell therapies are progressing through development and are currently in pre-clinical testing.
- continuing to develop “off-the-shelf” cell immunotherapies and progress allogeneic cell therapies to the clinic. We have continued to develop our allogeneic platform internally and in collaboration with our partner, Genentech.
- continuing to improve our manufacturing and patient supply processes to optimize how we deliver our cell therapies to patients. Our integrated cell therapy manufacturing capabilities enable us to continually enhance our cell and vector manufacturing and supply processes which we believe will ultimately enable us to treat patients quicker, at a lower cost and more effectively.

In November 2022 we announced a decision to focus our clinical and preclinical programs on the MAGE-A4 and PRAME targets including the BLA submission for afami-cel. In November 2022, we also announced that, in order to extend the cash runway, in addition to de-prioritizing non-core programs, we were undertaking a restructuring with an anticipated headcount reduction across the Group of approximately 25% to 30%. The restructuring was completed during Q1 2023 with an overall headcount reduction of approximately 25%.

### 2023 Business Highlights

Notwithstanding the restructuring, 2023 was a year of strong operational performance for Adaptimmune. Key business highlights during 2023 included:

*Filing the BLA for afami-cel and progressing towards commercialization of afami-cel*

- We submitted the BLA with the FDA for our first product, afami-cel, in December 2023. Acceptance of the BLA was announced on 31 January 2024, with a target PDUFA date of August 4, 2024. We are working towards a commercial launch in Q3 of 2024. A second product, lete-cel, is in pivotal trial, with the full data set targeted for Q3 2024.

*Progressing the ADP-A2M4CD8 T-cell therapy into later phase clinical trials*

- Our Phase 2 ovarian cancer trial with ADP-A2M4CD8 initiated in 2023. We have received Regenerative Medicine Advanced Therapy (RMAT) designation for ADP-A2M4CD8 for the treatment of this indication from the FDA. The Phase 2 trial will evaluate ADP-A2M4CD8 as both monotherapy and in combination with a checkpoint inhibitor, nivolumab, in ovarian cancer. The trial is open in the US, in conjunction with The GOG Foundation, Inc, and is also open at clinical sites in Canada, Spain and France.

*Progressing the ADP-A2M4CD8 T-cell therapy into earlier lines of therapy*

- We initiated two new cohorts in the SURPASS trial in urothelial and head and neck cancers for patients with fewer lines of therapy and in combination with standard of care in those settings. In the focus areas of ovarian, urothelial and head and neck cancers the reported response rate is 75% in patients with 3 or fewer prior lines of therapy (9 out of 12 patients). The trial includes a combination cohort where participants receive a combination of ADP-A2M4CD8 together with a checkpoint inhibitor (nivolumab). The trial is open at clinical sites in the US, Canada, France, UK and Spain.

*Progressing PRAME directed T-cell therapies into the clinic*

- PRAME is highly expressed across a broad range of solid tumors including ovarian, endometrial, lung and breast cancers. We are developing TCR T-cells directed to PRAME, with the initial candidate currently in preclinical testing and next-generation candidates being developed over the longer term.

*Continuing to develop “off-the-shelf” cell immunotherapies and progress allogeneic cell therapies to the clinic*

- We have continued to develop allogeneic or “off-the-shelf” cell therapies utilizing a proprietary allogeneic platform. We have a strategic collaboration with Genentech Inc (“Genentech”), that covers the research and development of “off-the-shelf” cell therapies for up to five shared cancer targets (“off-the-shelf” products) and the development of a novel allogeneic personalized cell therapy platform.

*Continuing to improve our manufacturing and patient supply processes to optimize how we deliver our cell therapies to patients.*

- We have continued to make incremental improvements to enhance our cell and vector manufacturing and supply processes.

*Completion of a strategic business combination with TCR<sup>2</sup> Therapeutics Inc*

- On March 6, 2023 we announced entry into a definitive agreement to combine with TCR<sup>2</sup> Therapeutics Inc (“TCR<sup>2</sup>”) in an all-stock transaction to create a preeminent cell therapy company focused on treating solid tumors. The transaction was expected to close during Q2 2023, subject to the receipt of approvals by Adaptimmune shareholders and TCR<sup>2</sup> stockholders and satisfaction or waiver of other customary closing conditions. Following the closing of the transaction on June 1, 2023, Adaptimmune shareholders owned approximately 75% of the combined company and TCR<sup>2</sup> stockholders owned approximately 25% of the combined company and the cash runway of the combined company was extended into early 2026.

*2023 Executive Compensation Highlights*

The following key compensation actions were taken with respect to our NEOs for 2023:

- **Base Salaries** — Our Remuneration Committee reviewed the base salaries of our NEOs in early January 2023 and considered that, given the cost-saving measures announced by the Company in November 2022, it would not be appropriate to recommend an increase to the base salary of our CEO (which recommendation was approved by the Board) and determined that it would not be appropriate to increase the base salaries of our other NEOs. As a result, the base salaries of our CEO and our other NEOs were frozen for 2023.
- **Annual Cash Bonuses** — At the beginning of 2023, our Board approved the 2023 Annual Cash Bonus Plan and the associated goals thereunder. In December 2023, upon review of our performance against the established goals, the Remuneration Committee approved a performance factor of 95% of target after determining that a significant proportion of our corporate goals had been achieved during a challenging year that had also included the completion of a strategic business combination with TCR<sup>2</sup>. Our NEOs received annual cash bonuses at 95% of their target annual cash bonus opportunities.
- **Long-Term Incentive Compensation** — Our NEOs were granted regular long term incentive compensation opportunities in January 2023 in the form of approximately 75% of stock options to purchase ordinary shares and 25% RSU-style options. Our NEOs were also awarded one-time grants of RSU-style options following the decisions to keep 2023 base salaries frozen (as discussed above) and reduce the 2022 bonus payments our NEOs were entitled to receive (payments reduced in full for our CEO and by approximately half for our other NEOs). The goal of these one-time grants was to support the go-forward retention and engagement of our NEOs.

### **Compensation Philosophy and Program Design**

Our philosophy in setting compensation policies for executive officers has two objectives: (1) to attract and retain a highly skilled team of executives and (2) to align our executives' interests with those of our shareholders by rewarding short-term and long-term performance. Our Remuneration Committee believes that executive compensation should be directly linked both to continuous improvements in corporate performance ("pay for performance") and accomplishments that are expected to increase shareholder value.

In furtherance of this goal, our Remuneration Committee has adhered to the following guidelines as a foundation for decisions that affect the levels of compensation:

- provide a competitive total compensation package that enables the Company to attract and retain highly qualified executives with the skills and experience required for the achievement of business goals;
- align compensation elements with the Company's annual goals and long-term business strategies and objectives;
- promote the achievement of key strategic and financial performance measures by linking short-term and long-term cash and equity incentives to the achievement of corporate and individual performance goals; and
- align executives' incentives with the creation of shareholder value.

Based on this philosophy, our performance-driven executive compensation program has three primary components: base salary, annual cash bonuses, and long-term equity-based compensation. Our Remuneration Committee believes that cash compensation in the form of base salary and annual bonuses provides our executives with short-term rewards for success in operations, and that long-term compensation through the grant of equity awards aligns the objectives of management with those of our shareholders with respect to long-term performance and success.

While it does not have any formal policies for allocating compensation among the three components, our Remuneration Committee reviews relevant competitive market data and uses its judgment to determine the appropriate level and mix of compensation on an annual basis to ensure that compensation levels and opportunities are competitive and that we are able to attract and retain capable executive officers to work for our long-term prosperity and shareholder value, without taking unnecessary or excessive risks.

*Pay-for-Performance*

We view our compensation practices as an avenue to communicate our goals and standards of conduct and a means to reward our NEOs for their achievements. We believe our executive compensation program is reasonable, competitive, and appropriately balances the goals of attracting, motivating, rewarding, and retaining our executive officers and that it therefore promotes stability in our leadership.

To ensure our NEOs’ interests are aligned with those of our shareholders and to motivate and reward them for achievement of our yearly corporate performance objectives, a significant portion of their target annual total direct compensation opportunity is “at-risk” and will vary above or below target levels commensurate with our performance.

We emphasize performance-based compensation that appropriately rewards our executive officers for delivering financial, operational, and strategic results that meet or exceed pre-established goals through our annual cash bonus plan, as well as share options that make up a significant portion of our long-term incentive compensation arrangements.

The target total direct compensation opportunity for our CEO and our other Named Executive Officers during 2023 reflects this philosophy. The substantial majority of our 2023 compensation to our NEOs was in the form of equity incentive awards, which our Remuneration Committee believes aligns our NEOs’ interests with those of our shareholders.

The following charts illustrate the portion of compensation attributable to base salary, annual performance-based cash incentive awards (annual bonus) and long-term equity incentive awards for our Chief Executive Officer, and the average for our other NEOs, as a group, for the year ended December 31, 2023.

*CEO 2023 Compensation Mix*

*Other Named Executive Officers 2023 Average Compensation Mix***OTHER NAMED EXECUTIVE OFFICERS****2023 Executive Compensation Policies and Practices**

We endeavor to maintain sound executive compensation policies and practices, including compensation-related corporate governance standards, consistent with our executive compensation philosophy. During 2023 our executive compensation policies and practices included the following:

- *Remuneration Committee of Independent Directors.* Our Remuneration Committee is composed of all independent directors.
- *Annual Compensation Review.* Our Remuneration Committee undertakes a comprehensive review of compensation of our executives, including our NEOs, on an annual basis.
- *Independent Compensation Consultant.* Our Remuneration Committee engages its own compensation consultant, and reviews its independence from management. The Remuneration Committee engaged Pearl Meyer to assist with its 2023 compensation reviews.
- *Risk Analysis.* We believe the structure of our executive compensation program minimizes the likelihood of inappropriate risk-taking by our executive officers.
- *Compensation At-Risk.* Our executive compensation program is designed so that a significant portion of compensation is “at risk” based on Company performance, as well as short-term cash and long-term equity incentives to align the interests of our executive officers and shareholders. None of our employment agreements with our NEOs provides any guarantees relating to base salary increases or the amounts of any annual incentive awards or long-term equity awards.
- *No Special Retirement Benefits.* We do not provide special pension arrangements or post-retirement health coverage for our executives or employees. Our U.S.-based executives and other U.S.-based employees are eligible to participate in our Section 401(k) plan, which is a retirement savings defined contribution plan established in accordance with Section 401(a) of the Code. Our U.K.-based executives and other U.K.-based employees are eligible to participate in our U.K. defined contribution plan.
- *Policy Against Hedging, Speculative Trading and Pledging our Stock.* Our insider trading policy prohibits our employees, including our NEOs, and our directors from engaging in “hedging” or other inherently speculative transactions with respect to our securities or borrowing against our securities.
- *No Special Perquisites.* Consistent with other high growth, development-stage biotechnology companies, we generally do not provide perquisites or other personal benefits to our executive officers

other than those we provide to our employees generally. From time to time we have provided relocation assistance benefits to our executive officers and other employees in order to attract talent.

- *No Special Health or Welfare Benefits.* Our executive officers participate in broad-based company-sponsored health and welfare benefits programs on the same basis as our other employees.

## **Process for Setting Executive Compensation**

### ***Role of the Remuneration Committee***

Our Remuneration Committee is responsible for reviewing and establishing our executive compensation policy and determines the framework for the compensation of our Company's senior executive officers. Our Remuneration Committee determines the remuneration of our NEOs (except for our CEO) and makes recommendations regarding the compensation of our CEO to the Board for its determination. Our Remuneration Committee also determines the corporate performance goals under the Company's annual bonus plan and achievement of these goals, and determines the policy for and scope of service agreements for the executive officers and contractual severance payments. Our Remuneration Committee makes recommendations regarding these matters in respect of our CEO to our Board for its determination.

While our Remuneration Committee draws on a number of resources, including input from our CEO and independent compensation consultants, to make decisions regarding the Company's executive compensation program, ultimate decision-making authority rests with the Remuneration Committee, subject in relation to our CEO's compensation, to approval by the independent members of the Board. The Remuneration Committee relies upon the judgment of its members in making compensation decisions, after reviewing the performance of the Company and evaluating an executive's performance during the year against established goals, operational performance and responsibilities. In addition, the Remuneration Committee incorporates judgment in the assessment process to respond to and adjust for the evolving business environment.

### ***Role of Chief Executive Officer***

Our Remuneration Committee solicits and reviews our CEO's recommendations and proposals with respect to annual cash bonus opportunities, long-term incentive compensation opportunities, program structures and other compensation-related matters for our executive officers (other than with respect to his own compensation). Our Remuneration Committee reviews and discusses these recommendations and proposals with our CEO and uses them as one factor in determining and approving the compensation for our executive officers (other than our CEO). Our Remuneration Committee works directly with its compensation consultants to determine compensation actions our CEO, who does not participate in deliberations or determination of his own compensation.

### ***Role of Compensation Consultant***

Our Remuneration Committee is authorized to engage a compensation consultant or other advisors to review our executive officers' compensation, including a benchmarking analysis against the compensation of executive officers at comparable companies, to ensure that our compensation is market competitive, with the goal of retaining and adequately motivating our senior management. During 2023, our Remuneration Committee retained Pearl Meyer to make recommendations for updating our compensation peer group, and to review and make recommendations regarding our executive and director compensation for 2023.

Our Remuneration Committee regularly evaluates the performance of its compensation consultants, considers alternative compensation consultants, and has the final authority to engage and terminate such services. The Remuneration Committee assessed the independence of Pearl Meyer pursuant to SEC rules and the applicable listing standards of The Nasdaq Global Market and concluded that no conflict of interest exists that would prevent Pearl Meyer from serving as an independent consultant to our Remuneration Committee.

During 2023, Pearl Meyer regularly attended the meetings of our Remuneration Committee (both with and without management present) and provided the following services:

- consulted with the Remuneration Committee chair and other members between committee meetings;

- conducted a review of the 2022/2023 compensation comparator peer group and made recommendations, as appropriate, for changes for use when making 2023 compensation decisions;
- provided competitive market data based on the compensation peer group and relevant survey data for our executive officer positions and evaluated how the compensation we pay our executive officers compares both to our performance and to the market executive compensation levels;
- reviewed and analyzed the base salary levels, annual cash bonus opportunities, and long-term incentive compensation opportunities of our executive officers;
- assessing executive compensation trends within our industry, and provided updates on corporate governance and regulatory issues and developments;
- reviewed market equity compensation practices, including burn rate and overhang, and advised on the mix of equity award types; and
- provided competitive non-employee director market compensation data from the compensation peer group and evaluated the compensation we pay to our non-employee directors.

### ***Competitive Positioning***

Our Remuneration Committee reviews the compensation of similarly-situated executive officers at companies that we consider to be our peers, taking into consideration the experience, position and functional role, level of responsibility and uniqueness of applicable skills of both our executive officers and those of our peers, and the demand and competitiveness for attracting and retaining an individual with each executive officer's specific expertise and experience. While this analysis is helpful in determining market-competitive compensation for senior management, it is only one factor in determining our executive officers' compensation, and our Remuneration Committee exercises its judgment in determining the nature and extent of its use.

For purposes of comparing our executive compensation against the competitive market, our Remuneration Committee reviews and considers the compensation levels and practices of a group of comparable biotechnology companies. The companies in this compensation peer group for 2023/2024 were selected by our Remuneration Committee in September 2023, in consultation with Pearl Meyer, on the basis of their similarity to us in terms of size, market capitalization, stage of development, research and development spend, industry sector, business strategy, and number of employees.

Set forth in the following table is a list of the peer group used for 2023/2024 as compared to the peer group used for 2022/2023. The 2023/2024 peer group was used to benchmark 2023 compensation and set 2024 compensation and the 2022/2023 peer group was used to benchmark 2022 compensation and set 2023 compensation.

The Remuneration Committee, with the assistance of Pearl Meyer, utilized data gathered from the public filings of our peer group and size-appropriate, industry-specific data from the Radford Global Compensation Database to establish market benchmarks for our NEOs. This market benchmark data was then used as a reference point for our Remuneration Committee to assess our current compensation levels in the course of its deliberations on forms and amounts of compensation. Given our objective of attracting, retaining, motivating, and rewarding a highly-skilled team of executive officers and other employees, we aim to deliver a total compensation package that is within a competitive range around the median as compared to peers, with an emphasis on equity incentive compensation so as to more effectively tie our NEOs' and employees' interests to those of our shareholders. In light of this, when undertaking its competitive analysis, our Remuneration Committee reviews data pertaining to the 25<sup>th</sup>, 50<sup>th</sup> and 75<sup>th</sup> percentiles for base salary, total cash compensation (base salary plus annual bonus) and long-term incentive compensation. This competitive analysis is one factor, among others, taken into account by our Remuneration Committee in assessing current compensation levels and recommending changes to compensation or additional awards.

Our Remuneration Committee reviews our compensation peer group at least annually and makes adjustments to its composition, taking into account changes in both our business and the businesses of the companies in the peer group.

#### ***Say-on-Pay***

In accordance with the requirements of U.K. Companies Act 2006, we are required to establish a Directors' Remuneration Policy, which is used to determine the remuneration for our directors, including our Chief Executive Officer (our sole executive director), and our senior executive officers. This is required to be approved by shareholders at least every three years, by the passing of an ordinary resolution at the annual general meeting of shareholders.

At our May 2021 annual general meeting of shareholders, a revised Remuneration Policy was presented to shareholders. This Remuneration Policy was supported by 99.50% of shareholder votes cast and the resolution was duly passed. Our new Remuneration Policy is scheduled to be proposed for shareholder approval at our 2024 AGM under Proposal 12 and is set forth as Part II of Annex A to this proxy statement.

Additionally, annually at our annual general meeting of shareholders, we hold a non-binding advisory vote regarding the compensation of our named executive officers and a non-binding advisory vote on our U.K. Directors' remuneration report. At our last annual general meeting of shareholders on May 16, 2023, the non-binding advisory vote of shareholders supported the compensation of our named executive officers by 99.70% of the votes cast at the meeting. The U.K. Directors' remuneration report was supported by 99.54 % of the votes cast at the meeting. These votes for and against the proposals, together with available feedback from investors, have been and will continue to be considered by the Remuneration Committee and Board in connection with the evaluation of executive and direct compensation.

The Remuneration Committee has considered and will continue to consider the outcome of such votes when making future compensation decisions for our named executive officers. The Remuneration Committee also relies on advice from its compensation consultant, its evaluation of Company performance against pre-defined corporate goals, its understanding of the challenges facing the Company and its observations of executive officer performance to determine executive officer compensation (except for our CEO) and to make recommendations regarding our CEO's compensation to our Board for its determination.

## Executive Compensation Program and Compensation Decisions for the Named Executive Officers

The components of our executive compensation program in 2023 for our NEOs consisted of base salary, an annual cash bonus opportunity, and a long-term incentive compensation opportunity delivered in the form of options to purchase ordinary shares (including RSU-style options).

### Annual Base Salary

#### Overview

The base salaries of our executive officers are designed to compensate them for day-to-day services rendered during the fiscal year. Appropriate base salaries are used to recognize the experience, skills, role and responsibilities required of each executive officer and to allow us to attract and retain individuals capable of leading us to achieve our business goals in competitive market conditions.

The initial base salaries of our executive officers are established through arm's-length negotiation at the time we hire the individual executive officer, taking into account his or her position, qualifications, experience, prior salary level, and the base salaries of our other executive officers.

Thereafter, the base salaries of our executive officers are reviewed at least annually by our Remuneration Committee, and by our Board in the case of our CEO, and adjustments are made to reflect Company and individual performance, as well as competitive market practices. Our Remuneration Committee also takes into account subjective performance criteria, such as an executive officer's ability to lead, organize and motivate others, set realistic goals to be achieved in his or her respective area, and recognize and pursue new business opportunities that enhance our growth and success. Our Remuneration Committee does not apply specific formulas to determine increases, but instead makes an evaluation of each executive officer's contribution to our long-term success. Annual adjustments to base salaries are effective as of January 1 of each year, with off-cycle adjustments to base salaries made under special circumstances, such as promotions or increased responsibilities.

#### Base salaries for fiscal year 2023

In January 2023, our Remuneration Committee reviewed the base salaries of our NEOs, taking into consideration a competitive market analysis prepared by Pearl Meyer, the recommendations of our CEO (except with regard to his own base salary), and the other factors described above. The Committee also considered that, given the cost-saving measures announced by the Company in November 2022, it would not be appropriate to recommend an increase to the base salary of our CEO (which recommendation was approved by the Board) and determined that it would not be appropriate to increase the base salaries of our other NEOs. As a result, the base salary of our CEO was frozen for 2023, and remained at \$650,000, and the base salaries of our other NEOs were also frozen for 2023.

A summary of the 2023 base salaries for our NEOs compared to their 2022 base salaries is set forth in the table below.

Name	2023 Annual Base Salary (\$)	2022 Annual Base Salary (\$)	% Increase
Adrian Rawcliffe	650,000	650,000	—
Gavin Wood <sup>(1)</sup>	441,402	441,402	—

Helen Tayton-Martin <sup>(1)</sup>	449,004	449,004	—
Elliot Norry	446,355	446,355	—

(1) Compensation paid to Mr. Wood and Dr. Tayton-Martin is denominated in pounds sterling. For purposes of this table, the amounts for Mr. Wood and Dr. Tayton-Martin in the table above have been converted based on the pound sterling/U.S. dollar exchange rate in effect as of December 31, 2023 (£1/\$1.27313).

**Annual Cash Bonus Plan**

Our NEOs are eligible to earn annual performance-based cash bonuses, which are designed to provide appropriate incentives to our executive officers to achieve annual corporate goals and to reward them for individual performance towards these goals. The annual performance-based bonus each NEO is eligible to receive is generally based on the extent to which we achieve the corporate objectives that the Board establishes each year following a recommendation from our Remuneration Committee.

Our Remuneration Committee determines annual bonuses for our NEOs, and the Board determines the annual bonus for our CEO. At the end of the year, the Board and our Remuneration Committee review our performance and approve the extent to which we achieved each of these corporate goals. Generally, the Board and Remuneration Committee will assess each NEO's individual contributions towards reaching our annual corporate goals but does not typically establish specific individual goals for our NEOs. Our Remuneration Committee and our Board may award above-target bonuses, in amounts up to 150% of the target annual cash bonus opportunities for extraordinary performance in any given year.

The target annual cash bonus opportunities of our NEOs for 2023 are summarized in the table below. All target annual cash bonus opportunities were set as a percentage of base salaries.

Name	2023 Target Annual Cash Bonus Opportunity %	2023 Target Annual Cash Bonus Opportunity (\$)
Adrian Rawcliffe	60%	390,000
Gavin Wood <sup>(1)</sup>	45%	198,631
William Bertrand	45%	210,681
Helen Tayton-Martin <sup>(1)</sup>	45%	202,052
Elliot Norry	45%	200,860

(1) Compensation paid to Mr. Wood and Dr. Tayton-Martin is denominated in pounds sterling. For purposes of this table, the amounts for Mr. Wood and Dr. Tayton-Martin in the table above have been converted based on the pound sterling/U.S. dollar exchange rate in effect as of December 31, 2023 (£1/\$1.27313).

Our primary goal in 2023 was to progress the development of the Group including:

- filing the Biologics License Application (BLA) for afami-cel and progressing towards commercialization of afami-cel. We submitted the BLA for our first product, afami-cel, for the treatment of synovial sarcoma where there are limited options and a poor prognosis for individuals with advanced disease. We are targeting the commercial launch of afami-cel upon receipt of FDA approval. We continue to build the systems, policies and commercial capabilities to support that launch.
- progressing the ADP-A2M4CD8 T-cell therapy into later phase clinical trials. A Phase 2 trial for people with platinum resistant ovarian cancer is recruiting patients. The Phase 2 trial will evaluate ADP-A2M4CD8 as both monotherapy and in combination with a checkpoint inhibitor, nivolumab, in ovarian cancer.
- progressing the ADP-A2M4CD8 T-cell therapy into earlier lines of therapy. Enrollment is ongoing in a Phase 1 trial, focusing on treatment of patients with head and neck and urothelial cancers in earlier line settings and in combination with a checkpoint inhibitor (nivolumab). The trial is open at clinical sites in US, Canada, France, UK and Spain.
- progressing PRAME directed T-cell therapies into the clinic. The PRAME directed T-cell therapies are progressing through development and are currently in pre-clinical testing.
- continuing to develop “off-the-shelf” cell immunotherapies and progress allogeneic cell therapies to the clinic. We have continued to develop our allogeneic platform internally and in collaboration with our partner, Genentech.

- continuing to improve our manufacturing and patient supply processes to optimize how we deliver our cell therapies to patients. Our integrated cell therapy manufacturing capabilities enable us to continually enhance our cell and vector manufacturing and supply processes which we believe will ultimately enable us to treat patients quicker, at a lower cost and more effectively.

In November 2022 we announced a decision to focus our clinical and preclinical programs on the MAGE-A4 and PRAME targets including the BLA submission for afami-cel. In November 2022, we also announced that, in order to extend the cash runway, in addition to de-prioritizing non-core programs, we were undertaking a restructuring with an anticipated headcount reduction across the Group of approximately 25% to 30%. The restructuring was completed during Q1 2023 with an overall headcount reduction of approximately 25%.

#### *2023 annual bonus payments*

In January 2023, our Remuneration Committee and our Board reviewed our achievements against our 2023 corporate goals and determined that we had achieved a significant proportion of our corporate goals. As such, our corporate multiplier was deemed achieved at 95% of target. Our operational performance that determined the 95% corporate multiplier is described below:

#### *Filing the BLA for afami-cel and progressing towards commercialization of afami-cel*

- We submitted the BLA with the FDA for our first product, afami-cel, in December 2023. Acceptance of the BLA was announced on 31 January 2024, with a target PDUFA date of August 4, 2024. We are working towards a commercial launch in Q3 of 2024. A second product, lete-cel, is in pivotal trial, with the full data set targeted for Q3 2024.

#### *Progressing the ADP-A2M4CD8 T-cell therapy into later phase clinical trials*

- Our Phase 2 ovarian cancer trial with ADP-A2M4CD8 initiated in 2023. We have received Regenerative Medicine Advanced Therapy (RMAT) designation for ADP-A2M4CD8 for the treatment of this indication from the FDA. The Phase 2 trial will evaluate ADP-A2M4CD8 as both monotherapy and in combination with a checkpoint inhibitor, nivolumab, in ovarian cancer. The trial is open in the US, in conjunction with The GOG Foundation, Inc, and is also open at clinical sites in Canada, Spain and France.

#### *Progressing the ADP-A2M4CD8 T-cell therapy into earlier lines of therapy*

- We initiated two new cohorts in the SURPASS trial in urothelial and head and neck cancers for patients with fewer lines of therapy and in combination with standard of care in those settings. In the focus areas of ovarian, urothelial and head and neck cancers the reported response rate is 75% in patients with 3 or fewer prior lines of therapy (9 out of 12 patients). The trial includes a combination cohort where participants receive a combination of ADP-A2M4CD8 together with a checkpoint inhibitor (nivolumab). The trial is open at clinical sites in the US, Canada, France, UK and Spain.

#### *Progressing PRAME directed T-cell therapies into the clinic*

- PRAME is highly expressed across a broad range of solid tumors including ovarian, endometrial, lung and breast cancers. We are developing TCR T-cells directed to PRAME, with the initial candidate currently in preclinical testing and next-generation candidates being developed over the longer term.

#### *Continuing to develop “off-the-shelf” cell immunotherapies and progress allogeneic cell therapies to the clinic*

- We have continued to develop allogeneic or “off-the-shelf” cell therapies utilising a proprietary allogeneic platform. We have a strategic collaboration with Genentech Inc (“Genentech”), that covers the research and development of “off-the-shelf” cell therapies for up to five shared cancer targets (“off-the-shelf” products) and the development of a novel allogeneic personalized cell therapy platform.

*Continuing to improve our manufacturing and patient supply processes to optimize how we deliver our cell therapies to patients.*

- We have continued to make incremental improvements to enhance our cell and vector manufacturing and supply processes.

*Completion of a strategic business combination with TCR<sup>2</sup> Therapeutics Inc*

- On March 6, 2023 we announced entry into a definitive agreement to combine with TCR<sup>2</sup> Therapeutics Inc (“TCR<sup>2</sup>”) in an all-stock transaction to create a preeminent cell therapy company focused on treating solid tumors. The transaction was expected to close during Q2 2023, subject to the receipt of approvals by Adaptimmune shareholders and TCR<sup>2</sup> stockholders and satisfaction or waiver of other customary closing conditions. Following the closing of the transaction on June 1, 2023, Adaptimmune shareholders owned approximately 75% of the combined company and TCR<sup>2</sup> stockholders owned approximately 25% of the combined company and the cash runway of the combined company was extended into early 2026.

When determining the actual annual bonus payments, our Remuneration Committee considered the calculated payments at 95% of target in the context of market benchmarking information and the interests of our shareholders and employees and determined that a significant proportion of our corporate objectives for 2023 had been achieved during a challenging year that had also included the completion of a strategic business combination with TCR<sup>2</sup>. Therefore, the awards made to our CEO and our other NEOs recognized that a significant proportion of our corporate objectives for 2023 were achieved.

Our Remuneration Committee determined an overall corporate performance level of 95% of target for purposes of the 2023 Bonus Plan for our NEOs other than our CEO, and recommended an overall corporate performance level of 95% in respect of our CEO, which was approved by the Board. This resulted in awards at 95% of their target annual cash bonus opportunities for 2023 for our NEOs.

The actual 2023 bonus payments are summarized in the table below:

Name	2023 Target Annual Cash Bonus Opportunity (\$)	2023 Actual Cash Bonus Payment (\$)
Adrian Rawcliffe	390,000	370,500
Gavin Wood <sup>(1)</sup>	198,631	188,700
William Bertrand	210,681	200,147
Helen Tayton-Martin <sup>(1)</sup>	202,052	191,949
Elliot Norry	200,860	190,817

- (1) Compensation paid to Mr. Wood and Dr. Tayton-Martin is denominated in pounds sterling. For purposes of this table, the amounts for Mr. Wood and Dr. Tayton-Martin in the table above have been converted based on the pound sterling/U.S. dollar exchange rate in effect as of December 31, 2023 (£1/\$1.27313).

### ***Long-Term Incentive Compensation***

#### *Overview*

We provide long-term incentive compensation to our executive officers through the grant of equity awards. We believe that equity awards create incentives for our executive officers to assist with the achievement of near and long term corporate objectives to create long-term shareholder value and align their interests with those of our shareholders by creating a return tied to the performance of our stock price. We also believe equity awards create an ownership culture. In addition, the vesting requirements of our equity awards contribute to executive retention by providing an incentive to our executive officers to remain employed by us during the vesting period.

*Equity Award Grant Policy.* We have an equity award grant policy that formalizes our process for granting equity-based awards to officers and employees. Under our equity award grant policy, all grants to our CEO must be approved by our Board, all grants to our other executive officers must be approved by our Remuneration Committee and all grants to other employees must be granted within guidelines approved by our Remuneration Committee.

Generally, equity awards are granted at the time an executive officer commences employment. Thereafter, equity awards may be granted at varying times and in varying amounts in the discretion of our Remuneration Committee or, if awards are being granted to our Chief Executive Officer, in the discretion of the Board, but are generally made once a year unless such executive officer is promoted, or for recognition of outstanding performance. None of our executive officers is currently party to an employment agreement that provides for an automatic grant of stock options or other equity awards.

We trade American Depositary Shares (ADSs) on the Nasdaq Capital Market, or Nasdaq, and one ADS represents six ordinary shares. Our stock options cover our ordinary shares. The exercise price of our stock options, other than our RSU-style options, is equal to the fair market value of our ordinary shares, which is based on the closing market price on Nasdaq of an ADS divided by six.

Historically, we have granted equity awards to our employees, including our NEOs, in the form of options to purchase our ordinary shares. In December 2017, our Remuneration Committee determined that an increasing number of companies in our compensation peer group grant full value awards, such as restricted stock unit awards, and approved the addition of RSU-style options (which are substantively similar to restricted stock units) to our compensation program to attract and retain highly qualified executives and employees. In this regard, while both stock options and RSU-style options enable our executive officers to benefit, like shareholders, from any increases in the value of our stock, our stock options deliver future value only if the value of our stock increases above the exercise price. In contrast, RSU-style options are set with an exercise price fixed at the nominal value of an ordinary share so, during periods of stock market volatility, RSU-style options may help retain employees. In addition, full value awards, such as RSU-style options, are less dilutive to existing shareholders since fewer shares are needed to achieve an equivalent value relative to stock options.

Our stock options generally vest as to 25% upon the first anniversary of the grant date and 1/36th of the remaining shares each month thereafter until such award is fully vested on the four year anniversary of the grant date, subject to the holder's continued service with us. Our RSU-style options generally vest in four annual installments from the grant date, subject to the holder's continued service with us. From time to time, our Board of Directors or Remuneration Committee may also construct alternate vesting schedules as it determines in its sole discretion. The terms of the equity awards are governed by our option plans, as described under the heading "*Equity Compensation Plan Information*" below.

In determining the appropriate mix of stock options and RSU-style options, our Remuneration Committee and the Board (in the case of grants to the CEO) consider the current stock and other equity holdings of each executive officer and competitive market data of the types of equity compensation provided to executive officers by the companies in our compensation peer group, with a goal of reaching a mix that would provide the appropriate incentives while staying competitive in our market. Regular LTI awards for each of our NEOs are more heavily weighted towards stock options (75%) than RSU-style options (25%).

As with their other elements of compensation, our Remuneration Committee determines the amount of long-term incentive compensation for our NEOs (except for our CEO), and recommends to the Board the amount of long-term incentive compensation for our CEO, as part of its annual compensation review. Our Remuneration Committee does so after taking into consideration a competitive market analysis prepared by its compensation consultant, the recommendations of our CEO (except with respect to his own long-term incentive compensation), the outstanding equity holdings of each executive officer, the proportion of our total shares outstanding used for annual employee long-term incentive compensation awards (our "burn rate") in relation to the proportions of the companies in our compensation peer group, the potential voting power dilution to our shareholders (our "overhang") in relation to the practices of the companies in our compensation peer group, and the other factors described above.

*2023 Equity Awards*

In January 2023, after considering the factors described above, our Remuneration Committee granted stock options and RSU-style options to our NEOs and our Remuneration Committee recommended, and the Board granted, stock options and RSU-style options to our CEO, in the following amounts:

<b>Named Executive Officer</b>	<b>Options for ordinary shares (#)</b>	<b>RSU-Style Options for ordinary shares (#)</b>	<b>Equity Awards (Aggregate Grant Date Fair Value) (\$)</b>
Adrian Rawcliffe	4,690,224	1,798,272	1,716,163
Gavin Wood	1,407,072	507,984	504,895
William Bertrand	1,407,072	517,056	507,762
Helen Tayton-Martin	1,407,072	511,320	505,950
Elliot Norry	1,407,072	507,600	504,774

As noted above, in January 2023, given the cost-saving measures announced by the Company in November 2022, the base salaries of our CEO and other NEOs were frozen for 2023. In addition, despite strong operational and personal performance in 2022, our CEO did not receive any bonus payment for 2022 and our NEOs received reduced bonus payments of approximately half the amount that they were entitled to receive. In recognition of our CEO's nil bonus payment for 2022 and nil base salary increase for 2023, and with the goal of supporting retention and engagement, in January 2023 our Board approved a one-time grant of RSU-style options to our CEO in line with our approved U.K. Directors' Remuneration Policy, and our Remuneration Committee approved one-time grants of RSU-style options to our other NEOs. The one-time grant of RSU-style options provided to our CEO vests in four annual installments from the grant date, while the one-time grants of RSU-style options provided to our other NEOs cliff vest on the first anniversary of the grant date. These one-time grants and the regular annual awards are included in the table above and were disclosed on Form 4s filed on January 17, 2023.

***Retirement, Health, Welfare and Additional Benefits***

Our NEOs are eligible to participate in our employee benefit plans and programs, including medical and dental benefits and life insurance, to the same extent as our other full-time employees, subject to the terms and eligibility requirements of those plans. We also sponsor a 401(k) defined contribution plan in which our NEOs based in the United States may participate, subject to limits imposed by the Internal Revenue Code, to the same extent as all of our other full-time employees. During 2023, we made discretionary employer matching contributions equal to 50% of the first 4% of the elective contributions made by participants in the 401(k) plan. These matching contributions are subject to a vesting schedule. In addition, we made a 3% discretionary Safe Harbor match which is fully vested as of the date on which the contribution is made. We believe that providing a vehicle for tax-deferred retirement savings through our 401(k) plan adds to the overall desirability of our executive compensation package and further incentivizes our employees, including our NEOs, in accordance with our compensation policies. We do not typically provide any perquisites or special personal benefits to our NEOs, but have from time to time reimbursed amounts associated with relocation and other expenses for our NEOs.

***Retirement Plans****401(k) Plan*

We maintain a tax-qualified retirement plan for our U.S.-based employees that provides eligible employees with an opportunity to save for retirement on a tax-advantaged basis. We make discretionary employer matching contributions equal to 50% of the first 4% of the elective contributions made by participants in the 401(k) plan. These company matching contributions are subject to a vesting schedule. In addition, we make a 3% discretionary Safe Harbor matching contribution, which is fully vested as of the date of the contribution. Pre-tax contributions are allocated to each participant's individual account and are then invested in selected investment alternatives according to the participant's directions. The 401(k) plan is intended to qualify under Sections 401(a) and 501(a) of the Internal Revenue Code. As a tax-qualified

retirement plan, contributions to the 401(k) plan and earnings on those contributions are not taxable to the employees until distributed from the 401(k) plan.

#### *U.K. Defined Contribution Plan*

In the U.K., we maintain a defined contribution plan that provides all U.K. employees, including our NEOs based in the U.K., with an opportunity to contribute a portion of their monthly salary into the plan. If an employee elects to participate in the plan, there is a minimum employee contribution of 4% of monthly salary and the maximum contribution is subject to limits imposed by HM Revenue and Customs (“HMRC”) and pension legislation. The employee contribution to this plan is matched by an employer contribution of up to a maximum of 6% of monthly salary. The method by which our U.K. employees participate is through a so-called “salary sacrifice” pursuant to which employees agree to a reduction in monthly salary in an amount equal to the defined contribution plan election. Salary sacrifice arrangements enable employees and the Company to make tax and national insurance savings because the employee’s contribution is taken out of his or her gross pay. The amount of the reduction is contributed into the plan in addition to the employer contribution. U.K. employees who have used up their HMRC allowance for contributions may opt to receive a cash payment from the Company equating to the employer contribution of 6% of monthly salary in lieu of the employer contribution into their plan. The cash payment is made through payroll with applicable tax deducted.

#### ***Perquisites and Other Personal Benefits Considerations***

Consistent with other high growth, development-stage biotechnology companies, we do not currently view perquisites or other personal benefits as a significant component of our executive compensation program. During 2023, none of our NEOs received perquisites or other personal benefits.

Generally, we may provide perquisites or other personal benefits to our employees, including our NEOs, in limited circumstances where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our employees more efficient and effective, and for recruitment and retention purposes. We may provide, and have previously provided, our NEOs and other employees with relocation benefits in order to attract critical talent. Any future perquisites or other personal benefits provided to our NEOs would require approval by the Remuneration Committee and by the Board (in the case of the CEO).

#### ***Tax and Accounting Considerations***

##### *Deductibility of Executive Compensation*

Section 162(m) of the Code limits the compensation deduction for a publicly-traded company for U.S. federal income tax purposes to not more than \$1 million of remuneration paid to certain executive officers (“covered employees”) in the company’s taxable year (generally, its fiscal year). With respect to taxable years prior to January 1, 2018, remuneration in excess of \$1 million was exempt from this deduction limit if it qualified as “performance-based compensation” within the meaning of Section 162(m).

Effective for taxable years beginning after December 31, 2017, the scope of Section 162(m) was expanded such that all named executive officers (i.e., the corporation’s principal executive officer, its principal financial officer, and the three highest compensated officers whose compensation is required to be reported under the U.S. securities laws) are “covered employees.” Additionally, anyone who was a covered employee in any year after 2016 will remain a covered employee for as long as he or she (or his or her beneficiaries) receive compensation from the Company. Also, the legislation eliminates the exception to the deduction limit for commission-based compensation and performance-based compensation except with respect to certain grandfathered arrangements in effect as of November 2, 2017 that are not subsequently materially modified. Accordingly, compensation paid to our NEOs in excess of \$1 million that, but for the limits under Section 162(m), is otherwise deductible on a U.S. federal income tax return will not be deductible unless it qualifies for the transition relief applicable to certain arrangements in place as of November 2, 2017, as described above.

To maintain flexibility in compensating our NEOs in a manner designed to promote our corporate goals, our Remuneration Committee has not adopted a policy that all compensation payable to our NEOs that is subject to Section 162(m) must be deductible. Our Remuneration Committee intends to continue to consider the impact of Section 162(m) rules in determining compensation but will not necessarily limit compensation to amounts deductible under Section 162(m); it intends to continue to provide future compensation in a manner consistent with the best interests of the Company and its shareholders. It should also be noted that in the case of some of our NEOs, some or all of their compensation is not deducted on a United States federal income tax return because they perform some or all of their services outside the United States, and accordingly, the deductibility of their compensation is subject to, and deductible under the tax laws of other countries and is not limited by Section 162(m).

#### *Accounting for share-based compensation*

We follow the Financial Accounting Standard Board's ASC Topic 718, or ASC Topic 718, for our share-based compensation awards. FASB ASC Topic 718 requires us to estimate and record a compensation expense for all share-based payment awards made to our employees and Board members over the vesting period of the award and based on the grant date "fair value" of the award. This calculation is performed for accounting purposes and reported in the executive compensation tables required by the federal securities laws, even though the recipient of the awards may never realize any value from their awards.

#### *Clawback*

Effective October 2, 2023, our Board adopted a Policy for Recovery of Erroneously Awarded Compensation ("clawback policy"), which is designed to comply with Section 10D-1 of the Exchange Act and the applicable Nasdaq listing standards. The clawback policy requires the Company to recoup any erroneously awarded incentive-based compensation received by certain executives, including each NEO, in the event that the Company is required to prepare an accounting restatement due to material non-compliance with any financial reporting requirement under the federal securities laws. The clawback policy generally applies to all incentive-based compensation (cash, equity, or equity-based compensation) received by a covered executive during the three completed fiscal years immediately preceding the date that the Company is required to prepare a restatement after the policy's effective date. The clawback policy was filed as an exhibit to our Form 10-K for the year ended December 31, 2023.

#### **Employment Arrangements**

We have employment agreements with our Chief Executive Officer, Chief Operating Officer and Chief Medical Officer and service agreements with our Chief Financial Officer and Chief Business & Strategy Officer. These agreements set forth the individual's base salary, bonus compensation, principles for equity compensation and other employee benefits as described above, as well as providing the NEO with the opportunity to receive certain post-employment payments and benefits in the case of certain involuntary terminations of employment or resignations for good reason. The agreements also prohibit our NEOs from engaging directly or indirectly in competition with us, recruiting or soliciting our employees, diverting our customers to a competitor, or disclosing our confidential information or business practices. The Company's executive severance policy is applicable in relation to our NEOs and provides for post-employment compensation arrangements in certain circumstances.

#### ***Post-Employment Compensation***

Our post-employment compensation arrangements are designed to provide reasonable compensation to executive officers who leave the Company under certain circumstances to facilitate their transition to new employment. Further, we seek to mitigate any potential employer liability and avoid future disputes or litigation by requiring a departing executive officer to sign a separation and release agreement acceptable to us as a condition to receiving post-employment compensation payments or benefits.

Our Remuneration Committee and the Board do not consider specific amounts payable under these post-employment compensation arrangements when establishing annual compensation. It does believe, however, that these arrangements are necessary to offer compensation packages that are competitive.

For more information on the service and employment agreements with our NEOs and post-employment compensation arrangements, see the discussion under the headings “*Employment, Change of Control and Severance Arrangements with Named Executive Officers*” and “*Potential Payments upon Termination or Change in Control*” later in this proxy statement.

### Other Compensation Policies and Practices

#### *Policy on Stock Ownership*

We do not have a policy requiring our NEOs and our non-employee directors to hold a certain number or value of our shares. However, we encourage our CEO and other NEOs to have a shareholding in the Company and all of our NEOs and our non-employee directors hold shares and/or stock options in the Company. Our Remuneration Committee and the Board are keeping under consideration the adoption of a formal stock ownership policy.

The following table sets forth information with respect to the beneficial ownership of our ordinary shares, as of December 31, 2023, by our NEOs, and the value of that beneficial ownership as a multiple of the 2023 base salaries of our NEOs.

Named Executive Officer	Ordinary Shares Beneficially Owned as of December 31, 2023	
	Number <sup>(1)</sup>	Value <sup>(2)</sup>
Adrian Rawcliffe	972,426	0.20 x base salary
Gavin Wood	719,670	0.22 x base salary
William Bertrand	691,026	0.20 x base salary
Helen Tayton-Martin	2,588,964	0.76 x base salary
Elliot Norry	277,728	0.08 x base salary

- (1) The number of ordinary shares is comprised of ordinary shares as to which each NEO has sole voting power and ordinary shares subject to options that are exercisable as of December 31, 2023.
- (2) The value is computed based on the closing price of the ADSs on Friday, December 29, 2023 of \$0.793 divided by six to generate \$0.13 per ordinary share, which is multiplied by the number of ordinary shares held by each NEO. Vested stock options where the exercise price equates to an amount greater than \$0.13 per ordinary share have been excluded. This value is compared to the 2023 base salary earned for each of the NEOs in the table above.

#### *Policy against Hedging and Pledging of our Stock*

Our insider trading policy prohibits our directors, officers, employees and consultants from engaging in transactions in publicly traded options, such as puts and calls, and other derivative securities with respect to the Company’s securities. This prohibition extends to any hedging or similar transaction designed to decrease the risks associated with holding our securities. Our insider trading policy also prohibits our directors, officers, employees, and consultants from pledging our securities as collateral for loans or holding our securities in margin accounts.

(3) For purposes of this table, the exercise price was converted from GBP based on an exchange rate of U.S.\$1.27313 to GBP1.00 in effect as of December 31, 2023. The actual exercise price will be the relevant pounds sterling amount on the option grant date.

(4) This option was fully vested as of December 31, 2023.

### Option Exercises and Stock Vested

The following table sets forth the number of shares acquired by our NEOs upon the exercise of stock options during the year ended December 31, 2023 as well as the value realized at that time. All options are options to purchase ordinary shares. The Company has never made, and does not currently make, restricted stock awards or restricted stock unit awards.

Name	Option Awards	
	Number of Shares Acquired on Exercise (#) <sup>(1)</sup>	Value Realized on Exercise (\$) <sup>(2)</sup>
Adrian Rawcliffe	120,801	199,161
Gavin Wood	—	—
William Bertrand	44,276	76,949
Helen Tayton-Martin	—	—
Elliot Norry	37,640	65,024

- (1) All shares shown are American Depositary Shares (“ADS”). One ADS represents six ordinary shares of the Company. Mr. Rawcliffe, Dr. Norry and Mr. Bertrand acquired these ADSs, representing ordinary shares, from the partial exercise of RSU-style options covering ordinary shares during the year ended December 31, 2023. Once vested, the RSU-style options must be exercised within a restricted period or they are forfeited. The exercise of the portion of these RSU-style share options and the sale of a portion of the shares were effected pursuant to a Sell to Cover exercise implemented automatically in accordance with the Company’s option plan, under which sufficient ADSs were sold by the Company to satisfy the NEO’s tax withholding obligations and associated sale costs. The residual ADSs are held by the NEO. For more details, see “*Outstanding Equity Awards at 2023 Fiscal Year End*” above.
- (2) The value realized represents the aggregate difference between the fair market value of shares on the dates of exercise and the exercise prices multiplied by the number of shares acquired upon exercise, and is prior to the payment of applicable withholding taxes.

#### Employment, Change of Control and Severance Arrangements with Named Executive Officers

We have entered into employment agreements with our Chief Executive Officer, Adrian Rawcliffe, and William Bertrand, our Chief Operating Officer and Elliot Norry, our Chief Medical Officer, and service agreements with Gavin Wood, our Chief Financial Officer, and Helen Tayton-Martin, our Chief Business and Strategy Officer. These agreements set forth the individual’s base salary, bonus compensation, equity compensation and other employee benefits, which are described earlier in this proxy statement. In addition, these agreements provide for severance payments pursuant to our executive severance policy upon a termination of employment under certain circumstances as described below. Certain key terms of those agreements and our executive severance policy are described below.

##### *Adrian Rawcliffe*

We entered into an employment agreement with Mr. Rawcliffe on June 26, 2019 that sets forth the terms and conditions under which Mr. Rawcliffe serves as our Chief Executive Officer effective from September 1, 2019. The agreement has no specific term and established an at-will employment relationship. The agreement sets out the initial annual base salary for Mr. Rawcliffe, subject to periodic review by the Company, and the initial annual target bonus opportunity and annual bonus process. Mr. Rawcliffe is eligible to participate in the equity plans sponsored and/or maintained by the Company and its affiliates from time to time, in accordance with the terms of any such plans, at the sole and absolute discretion of the Company and the Board of Directors.

We may terminate Mr. Rawcliffe’s employment with or without cause and without advance notice, but Mr. Rawcliffe is required to provide at least 60 days’ advance written notice to the Company if he is terminating his employment. In the event of a termination of employment by the Company without cause or a resignation by Mr. Rawcliffe for good reason, upon a change of control, any portion of share option

awards that were granted and unvested as of the date of termination will vest and immediately become exercisable on the date of termination. Mr. Rawcliffe will also be entitled to payments under the Company's executive severance policy in the event of a termination by the Company without cause or a resignation by Mr. Rawcliffe for good reason without a change of control and upon a change of control. Mr. Rawcliffe is required to resign his position as a Director if the Board requires a resignation in conjunction with the end of the employment relationship. The agreement contains non-solicitation and non-competition provisions for a 12 month period as well as confidentiality provisions.

*Gavin Wood*

We entered into a service agreement with Gavin Wood dated February 17, 2020 that sets forth the terms and conditions under which Mr. Wood serves as our Chief Financial Officer and as a director of Adaptimmune Limited effective April 1, 2020. The agreement sets out the initial annual base salary for Mr. Wood, subject to periodic review by the Company, and the initial annual target bonus opportunity and annual bonus process. Under the agreement, Mr. Wood is eligible to participate in the Company's share option schemes, Group Personal Pension Scheme and in the private health care scheme and permanent health insurance schemes maintained by the Company or its affiliates for the benefit of its senior executives.

The agreement provides that Mr. Wood's employment will continue until terminated, other than for cause, upon not less than nine months' advance written notice by the Company or Mr. Wood. The agreement provides that, during the period of any garden leave, Mr. Wood has to continue to be available to the Company and will continue to receive his full salary and other contractual entitlements. In addition, the Company can terminate Mr. Wood's employment with immediate effect in certain circumstances including bankruptcy, criminal convictions, gross misconduct or serious or repeated breaches of obligations of his service. #### *Executive Severance Policy*

The Company's executive severance policy, adopted on March 10, 2017, (the "Executive Severance Policy") is applicable in relation to our NEOs. If the employment of any of our NEOs is terminated by the Company without cause, or if the NEO resigns for good reason, then the NEO will be entitled under the NEO's employment or service agreement, as applicable, and the Executive Severance Policy to receive a severance payment equal to the NEO's annual base salary for nine months and to payment of premiums for continuation of healthcare benefits for a period of nine months following such termination. Our NEOs resident in the U.K. may elect to waive continuation of payment of healthcare premiums and accept a payment in lieu of such premiums. In addition, at the sole discretion of the Board (or an authorized committee thereof), the NEO may be paid a lump sum cash amount equal to his or her annual performance bonus for the year of termination, prorated based on the number of calendar days the NEO was employed during the year.

Furthermore, if the employment of any of our NEOs is terminated without cause or the NEO resigns for good reason within 12 months following a change in control, the NEO will be entitled to receive a severance payment equal to the NEO's annual base salary for 12 months, payment of premiums for continuation of healthcare benefits for a period of 12 months. Our NEOs resident in the U.K. may elect to waive continuation of payment of healthcare premiums and accept a payment in lieu of such premiums. In addition, the NEO will be paid a lump sum cash amount equal to the full annual performance bonus for the year of termination, and is entitled to accelerated vesting of any unvested and outstanding equity awards.

In addition, the Board has discretion under our option plan rules to allow some or all of the options held by our NEOs to vest in the event of a change of control or otherwise.

In order to receive severance benefits under the NEO's employment or service agreement and the Executive Severance Policy, the NEO is required to execute a release of claims in favor of the Company and comply with certain other post-employment covenants set forth in the NEO's employment or service agreement, as applicable.

#### Potential Payments upon Termination or Change in Control

The following table provides information concerning the estimated payments and benefits, pursuant to the service or employment agreement and the Executive Severance Policy, that would be provided in the circumstances described below for each of our NEOs. Payments and benefits are estimated assuming that the triggering event took place on December 31, 2023, and the closing price per share of an American Depositary Share (ADS) on The Nasdaq Global Select Market as of Friday, December 29, 2023 (\$0.793). There can be no assurance that a triggering event would produce the same or similar results as those estimated below if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affect the nature and amount of any potential payments or benefits, any actual payments and benefits may be different.

(1) Reflects the terms of: (a) the service agreements and employment agreements between us and our NEOs described above; (b) the Executive Severance Policy described above; and (c) equity award grant

agreements between us and our NEOs for equity grants included in the *Outstanding Equity Awards at 2023 Fiscal Year End* table above. Pursuant to the Executive Severance Policy, any severance payment or benefit provided under the Executive Severance Policy is reduced by the value of any corresponding payment or benefit provided under the NEO's applicable service or employment agreement or equity award agreement.

- (2) Assumes a lump sum bonus payment based on the bonus payment made in respect of year ended December 31, 2023 in both scenarios. If an NEO's employment is terminated by the Company without cause or the NEO resigns for good reason outside of a change of control scenario, any lump sum bonus payment is at the sole discretion of the Remuneration Committee or the Board (in the case of the CEO), prorated based on the number of calendar days of employment.
- (3) Reflects stock option awards. The Company has never made, and does not currently make, restricted stock awards or restricted stock unit awards. Our options cover ordinary shares that are represented by ADSs. Each ADS represents six ordinary shares of the Company. Stock option awards where the exercise price equates to an amount greater than \$0.13 per ordinary share have been excluded. \$0.13 is based on the closing price of an ADS on Friday, December 29, 2023, of \$0.793, divided by six. For stock options, aggregate market value is computed by multiplying the product of (a) the number of unvested shares accelerating as of December 31, 2023, by the sum of (b) (i) \$0.13 less (ii) the option's exercise price.
- (4) Assumes a lump sum payment based on the estimated premiums for COBRA continuation coverage for our NEOs resident in the U.S. (Mr. Rawcliffe, Mr. Bertrand and Dr. Norry) and a lump sum payment based on the estimated premiums for health insurance for our NEOs resident in the U.K. (Mr. Wood and Dr. Tayton-Martin).

### CEO Pay Ratio

Pursuant to a mandate of the Dodd-Frank Act, the SEC adopted a rule requiring annual disclosure of the ratio of the median employee's total annual compensation to the total compensation of the principal executive officer ("PEO"). The PEO of our Company is Adrian Rawcliffe, our Chief Executive Officer.

We believe that our compensation philosophy must be consistent and internally equitable to motivate our employees to create shareholder value. The purpose of the new required disclosure is to provide a measure of pay equity within the organization. We are committed to internal pay equity, and our Remuneration Committee monitors the relationship between the pay our PEO receives and the pay our non-executive employees receive.

As illustrated in the table below, our 2023 PEO to median employee pay ratio was approximately 24:1.

PEO 2023 Compensation	\$2,736,663
Median Employee 2023 Compensation	\$ 116,446
<b>Ratio of PEO to Median Employee Compensation</b>	<b>24:1</b>

We identified the median employee using annualized base salary for 2023 and annual bonus earned in 2023 by all individuals who were employed by us on December 31, 2023, the last day of our fiscal year (whether employed on a full-time or part-time basis). Reportable wages were annualized for those employees who were not employed for the full calendar year. Equity awards were excluded from the calculation of determining the median employee. Equity awards were then included to the median employee to ensure comparability with the PEO.

The pay ratio reported above is a reasonable estimate calculated in a manner consistent with SEC rules, based on our internal records and the methodology described above. The SEC rules for identifying the median compensated employee allow companies to adopt a variety of methodologies, to apply certain exclusions and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. Accordingly, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may use different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

### Pay Versus Performance Disclosure

In accordance with rules adopted by the Securities and Exchange Commission (“SEC”) pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, we provide the following disclosure regarding the relationship between executive compensation actually paid (“CAP”) to our principal executive officer (“PEO”) and our non-PEO NEOs and certain Company performance for the fiscal years listed below. You should refer to our Compensation Discussion & Analysis section of this proxy statement for a complete description of how executive compensation relates to Company performance measures and how the Remuneration Committee makes its decisions related thereto.

#### Pay Versus Performance Table

The following table provides the information required for our NEOs for each of the fiscal years ended December 31, 2023, December 31, 2022, December 31, 2021, and December 31, 2020 along with the financial information required to be disclosed for each fiscal year. As a pre-commercial biotechnology company, we do not tie executive compensation to Net Income performance, and we do not have other financial metrics that are used to determine executive compensation. We do tie executive compensation to other meaningful objectives which are listed in the “Tabular List of Important Performance Measures” below and further described in the “Compensation Discussion and Analysis — Annual Cash Bonus Plan” section of our proxy statement.

The following tables illustrate the valuation assumptions as of the vesting date for awards that vested in each of 2023, 2022, 2021 and 2020. Weighted average fair values for RSU-style options are based on our ordinary share price.

Risk-free interest rate	3.5%–4.9%	1.0%–4.6%	0.2%–1.3%	0.1%–1.7%

The following summarizes the valuation assumptions used for stock option awards included as part of CAP:

- a. Expected life of each stock option is based on the “simplified method” using an average of the remaining vesting period and the remaining term, as of the vesting date or fiscal year end date.
  - b. Strike price is based on each grant date closing price and asset price is based on each vesting date closing price or fiscal year end closing price.
  - c. Risk free rate is based on the Treasury Constant Maturity rate closest to the remaining expected life as of the vesting date or fiscal year end date.
  - d. Historical volatility is based on daily price history for each expected life (years) prior to each vesting date or fiscal year end date. Closing prices provided by S&P Capital IQ are adjusted for dividends and splits.
  - e. Represents annual dividend yield on each vesting date or fiscal year end date.
- (4) The peer group TSR set forth in this table utilizes the Nasdaq Biotechnology Index, which we also utilize in the stock performance graph required by Item 201(e) of Regulation S-K included in our Annual Report on Form 10-K for the year ended December 31, 2023. The comparison assumes \$100 was invested for the period starting December 31, 2019, through the end of the listed year in ADAP and in the Nasdaq Biotechnology Index. Historical stock price performance is not necessarily indicative of future stock price performance.
  - (5) CAP for 2020, 2021, and 2022 as reflected in last year’s disclosure has been adjusted to incorporate an updated in volatility assumptions.
  - (6) Average Summary Compensation Table Total for non-PEO NEOs for 2020 and 2021 as reflected in last year’s disclosure has been adjusted to reflect the methodology described in footnote 2 of the Pay versus Performance Table.

**Equity Compensation Plan Information**

The following table provides information on our equity compensation plans as of December 31, 2023.

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options	Weighted Average Exercise Price of Outstanding Options \$	Number of Securities Available for Future Issuance Under Equity Compensation Plans
Equity compensation plans	191,150,175	0.52	77,023,185
<b>Total</b>	<b>191,150,175</b>	<b>0.52</b>	<b>77,023,185</b>

For purposes of this table, the Weighted Average Exercise Price of Outstanding Options has been converted from £0.41 based on the pound sterling/U.S. dollar exchange rate in effect as of December 31, 2023 (£1/\$1.27313).

The Company grants options over ordinary shares in Adaptimmune Therapeutics plc under the following option plans: (i) the Adaptimmune Therapeutics plc Employee Share Option Scheme (adopted January 14, 2016), (ii) the Adaptimmune Therapeutics plc 2015 Share Option Scheme (adopted March 16, 2015) and (iii) the Adaptimmune Therapeutics plc Company Share Option Plan (adopted March 16, 2015). The Company grants RSU-style options over ordinary shares in Adaptimmune Therapeutics plc under the Adaptimmune Therapeutics plc Employee Share Option Scheme (adopted January 14, 2016). The maximum aggregate number of options which may be granted under these plans and any incentive plans adopted by the Company cannot exceed a scheme limit that equates to 8% of the initial fully diluted share capital of the Company immediately following our IPO plus an automatic annual increase of an amount equivalent to 4% of the issued share capital on each June 30 (or such lower number as the Board, or an appropriate committee of the Board, may determine). The automatic increase is effective from July 1, 2016.

As part of the corporate

reorganization in connection with our IPO, the holders of options granted under these schemes over ordinary shares of Adaptimmune Limited were granted equivalent options on substantially the same terms over ordinary shares of Adaptimmune Therapeutics plc (“Replacement Options”) in exchange for the release of these options. The Company does not intend to grant any further options under these schemes. Further details of our option plans are set forth in Note 12 titled “Share based compensation” to our consolidated financial statements, which are included in our Annual Report on Form 10-K for the year ended December 31, 2023.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. The Company's management has the primary responsibility for the financial statements and reporting process, including the Company's system of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2023. This review included a discussion of the quality and the acceptability of the Company's financial reporting, including the nature and extent of disclosures in the financial statements and the accompanying notes. The Audit Committee also reviewed the progress and results of the testing of the design and effectiveness of its internal controls over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002.

The Audit Committee also reviewed with KPMG LLP ("KPMG"), our independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of the audited financial statements with accounting principles generally accepted in the United States of America, their judgments as to the quality and the acceptability of the Company's financial reporting and such other matters as are required to be discussed with the Committee by Public Company Accounting Oversight Board ("PCAOB") AU380, *Communications with Audit Committees*, and SEC Regulation S-X Rule 207, *Communication with Audit Committees*.

The Audit Committee has received the written disclosures and the letter from KPMG required by the applicable requirements of the PCAOB regarding communications with the audit committee concerning independence. The Audit Committee has discussed with KPMG its independence from management and the Company.

In addition to the matters specified above, the Audit Committee discussed with KPMG the overall scope, plans and estimated costs of their audit. The Committee met with KPMG periodically, with and without management present, to discuss the results of KPMG's examinations, the overall quality of the Company's financial reporting and KPMG's reviews of the quarterly financial statements, and drafts of the quarterly and annual reports.

In reliance on the reviews and discussions referred to above, and subject to the limitations of the Audit Committee's role and responsibilities referred to above and in the Audit Committee charter, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements should be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2023.

Our shareholders have the right to call a meeting of our shareholders. The U.K. Companies Act 2006 generally requires the directors to call a general meeting once we have received requests to do so from shareholders representing at least 5% of our paid-up shares entitled to vote at a general meeting. The U.K. Companies Act 2006 generally prohibits shareholders of a U.K. public limited company from passing written resolutions. However, significant shareholders would, in any case, still have the power to call a general meeting and propose resolutions. These provisions are mandatory under the U.K. Companies Act 2006 and cannot be waived by our shareholders.

**Shareholder Proposals for 2025 Annual General Meeting**

In order to be considered for inclusion in our proxy statement for our 2025 annual general meeting of shareholders, shareholder proposals must be received by the Company at the Office of the Company Secretary, 60 Jubilee Avenue, Milton Park, Abingdon, Oxfordshire OX14 4RX no later than 120 days before the anniversary of the date on which we sent our proxy materials for the Meeting, or December 12, 2024. However, if the date of such annual general meeting is more than 30 calendar days from the date of the anniversary of the Meeting, then the notice must be received by our Company Secretary a reasonable time before we begin to print and send our proxy materials.

Shareholder proposals submitted for consideration at our 2025 annual general meeting of shareholders, but not submitted for inclusion in our proxy statement for our 2025 annual general meeting of shareholders, must be received by the Company at the Office of the Company Secretary, 60 Jubilee Avenue, Milton Park, Abingdon, Oxfordshire OX14 4RX no later than 45 days before the anniversary of the date of the Meeting, or March 30, 2025. However, if the date of the 2025 annual general meeting is changed by more than 30 calendar days from the date of the anniversary of the Meeting, the notice must be received by our Company Secretary at least 45 days prior to the date we intend to distribute our proxy materials with respect to the 2025 annual general meeting. If a shareholder does not timely provide notice as described above, proxies solicited on behalf of our management for the 2025 annual general meeting will confer discretionary authority to vote with respect to any such matter, as permitted by the proxy rules of the SEC.

Under section 338 of the U.K. Companies Act 2006, shareholders representing at least 5% of holders entitled to vote on a resolution at an annual general meeting may require the Company to include such resolution in its notice of an annual general meeting. Provided the applicable thresholds are met, notice of the resolution must be received by the Company at the Office of the Company Secretary, 60 Jubilee Avenue, Milton Park, Abingdon, Oxfordshire OX14 4RX at least six weeks prior to the date of the annual general meeting, or, if later, at the time notice of the annual general meeting is delivered to shareholders.

## ANNEX A TO PROXY STATEMENT

**Directors' Remuneration Report****Remuneration Committee Chairman's Statement**

On behalf of the Board of Directors of Adaptimmune Therapeutics plc, I am pleased to present the Directors' Remuneration Report for the year ended 31 December 2023. Shareholders will be invited to approve the Report on Remuneration (which will be a non-binding advisory vote) and the Remuneration Policy (which will be a binding vote) at the Annual General Meeting of shareholders to be held on 14 May 2024.

***Period Covered by the Directors' Remuneration Report***

The Directors' Remuneration Report that follows is for the full year period from 1 January 2023 to 31 December 2023 except where otherwise stated.

***The Remuneration Committee***

The Committee is responsible for reviewing and establishing our executive remuneration policy and philosophy, including making recommendations regarding the remuneration of our Chief Executive Officer ("CEO") to the Board for its approval, and determining and approving the remuneration of other senior executive officers. While the Board sets the remuneration of our CEO, who is our sole Executive Director, the Committee makes recommendations on such matters to the Board.

***Philosophy***

We seek to attract and retain outstanding employees who have the potential to support the growth of the Group and to attract and retain Directors who can substantially contribute to our success as an innovative, clinical-stage biopharmaceutical company. As the Group has operations in the United Kingdom and the United States, our senior executives and our Directors live and work in the UK and the US, and we are listed on a US stock exchange, we assess the competitiveness of our policies against both UK and US benchmarks and practices, with an increasing focus on US benchmarks and practices.

***Business Strategy during 2023***

Our primary goal in 2023 was to progress the development of the Group including:

- filing the Biologics License Application (BLA) for afami-cel and progressing towards commercialization of afami-cel. We submitted the BLA for our first product, afami-cel, for the treatment of synovial sarcoma where there are limited options and a poor prognosis for individuals with advanced disease. We are targeting the commercial launch of afami-cel upon receipt of FDA approval. We continue to build the systems, policies and commercial capabilities to support that launch.
- progressing the ADP-A2M4CD8 T-cell therapy into later phase clinical trials. A Phase 2 trial for people with platinum resistant ovarian cancer is recruiting patients. The Phase 2 trial will evaluate ADP-A2M4CD8 as both monotherapy and in combination with a checkpoint inhibitor, nivolumab, in ovarian cancer.
- progressing the ADP-A2M4CD8 T-cell therapy into earlier lines of therapy. Enrollment is ongoing in a Phase 1 trial, focusing on treatment of patients with head and neck and urothelial cancers in earlier line settings and in combination with a checkpoint inhibitor (nivolumab). The trial is open at clinical sites in US, Canada, France, UK and Spain.
- progressing PRAME directed T-cell therapies into the clinic. The PRAME directed T-cell therapies are progressing through development and are currently in pre-clinical testing.
- continuing to develop "off-the-shelf" cell immunotherapies and progress allogeneic cell therapies to the clinic. We have continued to develop our allogeneic platform internally and in collaboration with our partner, Genentech.

- continuing to improve our manufacturing and patient supply processes to optimize how we deliver our cell therapies to patients. Our integrated cell therapy manufacturing capabilities enable us to continually enhance our cell and vector manufacturing and supply processes which we believe will ultimately enable us to treat patients quicker, at a lower cost and more effectively.

In November 2022 we announced a decision to focus our clinical and preclinical programs on the MAGE-A4 and PRAME targets including the BLA submission for afami-cel. In November 2022, we also announced that, in order to extend the cash runway, in addition to de-prioritizing non-core programs, we were undertaking a restructuring with an anticipated headcount reduction across the Group of approximately 25% to 30%. The restructuring was completed during Q1 2023 with an overall headcount reduction of approximately 25%.

### **2023 Business Highlights**

Notwithstanding the restructuring, 2023 was a year of strong operational performance for Adaptimmune. Key business highlights during 2023 included:

#### *Filing the BLA for afami-cel and progressing towards commercialization of afami-cel*

- We submitted the BLA with the FDA for our first product, afami-cel, in December 2023. Acceptance of the BLA was announced on 31 January 2024, with a target PDUFA date of 4 August 2024. We are working towards a commercial launch in Q3 of 2024. A second product, lete-cel, is in pivotal trial, with the full data set targeted for Q3 2024.

#### *Progressing the ADP-A2M4CD8 T-cell therapy into later phase clinical trials*

- Our Phase 2 ovarian cancer trial with ADP-A2M4CD8 initiated in 2023. We have received Regenerative Medicine Advanced Therapy (RMAT) designation for ADP-A2M4CD8 for the treatment of this indication from the FDA. The Phase 2 trial will evaluate ADP-A2M4CD8 as both monotherapy and in combination with a checkpoint inhibitor, nivolumab, in ovarian cancer. The trial is open in the US, in conjunction with The GOG Foundation, Inc, and is also open at clinical sites in Canada, Spain and France.

#### *Progressing the ADP-A2M4CD8 T-cell therapy into earlier lines of therapy*

- We initiated two new cohorts in the SURPASS trial in urothelial and head and neck cancers for patients with fewer lines of therapy and in combination with standard of care in those settings. In the focus areas of ovarian, urothelial and head and neck cancers the reported response rate is 75% in patients with 3 or fewer prior lines of therapy (9 out of 12 patients). The trial includes a combination cohort where participants receive a combination of ADP-A2M4CD8 together with a checkpoint inhibitor (nivolumab). The trial is open at clinical sites in the US, Canada, France, UK and Spain.

#### *Progressing PRAME directed T-cell therapies into the clinic*

- PRAME is highly expressed across a broad range of solid tumors including ovarian, endometrial, lung and breast cancers. We are developing TCR T-cells directed to PRAME, with the initial candidate currently in preclinical testing and next-generation candidates being developed over the longer term.

#### *Continuing to develop “off-the-shelf” cell immunotherapies and progress allogeneic cell therapies to the clinic*

- We have continued to develop allogeneic or “off-the-shelf” cell therapies utilising a proprietary allogeneic platform. We have a strategic collaboration with Genentech Inc (“Genentech”), that covers the research and development of “off-the-shelf” cell therapies for up to five shared cancer targets (“off-the-shelf” products) and the development of a novel allogeneic personalized cell therapy platform.

#### *Continuing to improve our manufacturing and patient supply processes to optimize how we deliver our cell therapies to patients.*

- We have continued to make incremental improvements to enhance our cell and vector manufacturing and supply processes.

*Completion of a strategic business combination with TCR<sup>2</sup> Therapeutics Inc*

- On 6 March 2023 we announced entry into a definitive agreement to combine with TCR<sup>2</sup> Therapeutics Inc (“TCR<sup>2</sup>”) in an all-stock transaction to create a preeminent cell therapy company focused on treating solid tumours. The transaction was expected to close during Q2 2023, subject to the receipt of approvals by Adaptimmune shareholders and TCR<sup>2</sup> stockholders and satisfaction or waiver of other customary closing conditions. Following the closing of the transaction on 1 June 2023, Adaptimmune shareholders owned approximately 75% of the combined company and TCR<sup>2</sup> stockholders owned approximately 25% of the combined company and the cash runway of the combined company was extended into early 2026.

*Activities and major decisions*

During the year the Committee commissioned a benchmarking review of executive compensation, which was undertaken to ensure that remuneration for the CEO and senior executive team remains competitive for the purposes of retention and engagement. The Committee engaged Pearl Meyer to benchmark executive compensation against a selected peer group consisting largely of comparable U.S.-listed biopharmaceutical companies, with some U.K.-listed biopharmaceutical companies, and to provide recommendations for base salaries, equity based awards and the structure of annual bonus awards for 2024.

In December 2023 the Committee considered the extent of achievement of 2023 calendar year objectives by the executive team and determined the level of bonus incentive awards payable in respect of the 2023 calendar year. The awards made to our CEO and senior executive officers recognised that a significant proportion of our corporate objectives for 2023 were achieved, with our CEO receiving a bonus award at the 60% target amount and with the application of a corporate multiplier of 95%. The same corporate multiplier of 95% was applied to bonus awards made to all other eligible employees in recognition of strong operational performance across the entire organisation.

Under the approved Directors’ Remuneration Policy, the Board has discretion to pay Non-Executive Directors in the form of a mixture of cash and equity. The remuneration arrangements for Non-Executive Directors during 2023 comprised an award of a fixed number of share options, plus an additional number of share options or cash payment at the Non-Executive Director’s election. The option awards and cash payments were made at competitive levels aligned with peer group data from comparable companies provided in a benchmarking analysis undertaken by Pearl Meyer in 2023.

*Directors’ Remuneration Policy*

The current Directors’ Remuneration Policy was approved by shareholders at the 2021 Annual General Meeting. The new Directors’ Remuneration Policy, in Part II of the Directors’ Remuneration Report, will (subject to shareholder approval) be adopted from the date of the 2024 Annual General Meeting.

The Committee conducted a comprehensive review of the remuneration policy. The Committee considers that the last approved Directors’ Remuneration Policy continues to be appropriate and fit for purpose. However, the Committee is proposing minor revisions to align the policy with market practice and to ensure the policy can be operated as flexibly as possible in the years ahead. The only substantive changes are:

- to amend the policy on loss of office such that, in the event of termination by the Company without cause or resignation by an Executive Director for good reason (in each case following a change of control), the Executive Director is entitled to salary and benefits continuation of up to 18 months. This approach aligns with prevailing US market practice where our sole Executive Director is based; and
- to amend the remuneration policy to provide for compensation clawback. This amendment reflects our clawback policy adopted during 2023 under which we may seek the recovery and/or forfeiture of incentive-based compensation paid by the Company in the event that we restate our financial statements under certain circumstances. The clawback policy applies to current and former Executive Directors and Senior Executives.

**Looking ahead**

The Committee carefully considered the benchmarking results and individual performance over the year. In respect of the CEO, the Committee awarded a 4% base salary increase from \$650,000 to \$676,000 effective from 1 January 2024. This increase in base salary for the CEO follows a pay freeze in 2023 as part of broader cost saving measures.

In January 2024 the Committee approved the objectives to be achieved by the executive team during 2024. The precise objectives are considered to be commercially sensitive and will not be disclosed in detail. They are, however, designed to support the achievement of our strategic objective to be a world leader in designing, developing and delivering cell therapies that transform the lives of people with cancer.

The 2024 objectives are linked to our business goals, which include the continuation of some 2023 goals:

- Building a commercial franchise in synovial sarcoma and MRCLS.
  - We submitted a BLA for our first product, afami-cel for the treatment of synovial sarcoma and are targeting the commercial launch of afami-cel upon receipt of FDA approval. We continue to build the systems, policies and commercial capabilities to support that launch. We are progressing development of our second product, lete-cel and targeting US commercial launch in 2026.
- Progressing the SURPASS-3 Phase 2 trial through to completion.
  - Depending on the data, we plan to rapidly progress ADP-A2M4CD8 through the phase 2 trial and towards BLA filing. We have RMAT designation for ADP-A2M4CD8 for the treatment of ovarian cancer from the FDA.
- Progressing the ADP-A2M4CD8 T-cell therapy into earlier lines of therapy.
  - We are recruiting patients in two new cohorts in the SURPASS trial in urothelial and head and neck cancers. These cohorts are looking at treatment in earlier lines of therapy and alongside standard of care treatments.
- Progressing PRAME (ADP-600) and CD-70 (ADP-520) directed T-cell therapies into the clinic.
  - We aim to complete preclinical development of our T-cell therapy directed to PRAME, continue development of our next-generation T-cell therapies directed to PRAME and continue pre-clinical development of a T-cell therapy directed to CD70.
- Continuing to develop “off-the-shelf” cell immunotherapies and progress allogeneic cell therapies to the clinic.
- Continuing to improve our manufacturing and patient supply processes to optimize how we deliver our cell therapies to patients.

Generally, the remuneration arrangements adopted in 2024 recognise the greater demands placed on our CEO and senior executive team to deliver on our strategy and create value for our shareholders.

We are committed to a transparent and positive relationship with all of our shareholders and I look forward to your support on both our remuneration report and revised policy at the forthcoming AGM.

/s/ David M. Mott

*Notes to table of Single Total Figure of Remuneration for each Director*

- (1) For the year ended 31 December 2023, the majority of the remuneration was set and paid in U.S dollars (\$). For the purpose of these tables, payments made in pounds sterling to Mr James Noble for the year ended 31 December 2022 have been translated into U.S dollars based on the U.S. dollar/pound sterling exchange rate at 31 December 2023 (\$1.27313 to £1).
- (2) The base salary levels of our CEO and all other employees of the Group are reviewed and, to the extent deemed necessary, adjusted to be effective from 1 January in each year. For the year ended 31 December 2023, the fee amount for each of Dr Allen and Dr Hegde is a pro-rata amount based on six months of his and her fees, respectively, effective for the period from 1 June (their appointment dates) to 31 December 2023. The fee amount for Ms Duncan is a pro-rata amount based on five months of her fees effective for the period from 1 January to 1 June 2023 (her resignation date). The fee amount for Dr Hege is a pro-rata amount based on two months of her fees effective for the period from 1 November (her appointment date) to 31 December 2023. The fee amount for Dr Zaks is a pro-rata amount based on three months of his fees effective for the period from 1 January to 31 March 2023 (his resignation date). For the year ended 31 December 2022, the fee amount for Mr Noble is a pro-rata amount based on six months of his fees effective for the period from 1 January to 30 June 2022.
- (3) Benefits comprise medical insurance, life assurance and income protection. Generally, Mr Rawcliffe participates in the same benefits as we offer to all our employees in the USA where Mr Rawcliffe resides, and, in addition, is entitled to the reimbursement of accountancy fees for preparation of his tax returns.
- (4) The pension allowance for Mr. Rawcliffe for the year ended 31 December 2023 and the year ended 31 December 2022 is his 401(k) plan payment.
- (5) The annual bonus amount for each of the year ended 31 December 2023 and the year ended 31 December 2022 represents the total bonus payment that related to performance in each of 2023 and 2022. For the year ended 31 December 2023, the bonus amount for Mr Rawcliffe represents 60% of his salary of \$650,000. A company performance multiplier of 95% was applied to the amount. For the year ended 31 December 2022, Mr Rawcliffe did not receive a bonus payment.
- (6) There were no performance obligations linked to the equity-based awards and there is no impact of share price appreciation on value that is required to be reported in the above table. In each of the year ended 31 December 2023 and the year ended 31 December 2022, the value of equity-based awards included in the table is based on the market value of the underlying shares at the date of grant less the applicable exercise price. For market value options, this results in a nil value because the exercise price was based on the market value of the underlying shares at the date of grant. The values shown for equity-based awards for Mr Rawcliffe in the year ended 31 December 2023 and in the year ended 31 December 2022 are the values of the RSU-style options granted to him in each of those years in relation to his service as CEO and a director.

**Base salary / fees**

In January 2023, the Committee considered compensation for our CEO in the context of market benchmarking information and the Group's cost saving measures, including the restructuring and headcount reduction across the Group which was then ongoing. As a result, the Committee decided not to increase

the base salary of the CEO whose base salary remained frozen at \$650,000 for 2023. The Committee also determined it would not be appropriate to increase the base salaries of the senior executive officers.

#### ***Annual Bonus***

The annual bonus for the year ended 31 December 2023 shown in the table above for Mr Rawcliffe, our CEO, was based on the achievement of objectives for 2023 related to our business objectives for 2023, which included:

- filing the BLA for afami-cel and progressing towards commercialization of afami-cel;
- progressing the ADP-A2M4CD8 T-cell therapy into later phase clinical trials;
- progressing the ADP-A2M4CD8 T-cell therapy into earlier lines of therapy;
- progressing PRAME directed T-cell therapies into the clinic;
- continuing to develop “off-the-shelf” cell immunotherapies and progress allogeneic cell therapies to the clinic; and
- continuing to improve our manufacturing and patient supply processes to optimize how we deliver our cell therapies to patients.

The Board has considered whether it would be in the best interests of the Company and its shareholders to disclose the precise targets agreed for the performance measures in 2023. An additional consideration is that most of our competitors are based in the U.S. where market practice is not to disclose precise annual bonus targets for biotechnology companies at the pre-commercialization stage. As the specific objectives for a single year are based on the Group’s long-term strategies, the Board has concluded that disclosing such targets would necessarily involve divulging competitively sensitive information that we believe would be detrimental to our commercial performance going forward and, therefore, we are providing the categories of objectives, rather than the precise targets.

#### ***Long term incentive awards***

During January 2023, regular annual awards of share options were made to our CEO. These awards were within market competitive levels provided by Pearl Meyer, following their benchmarking assessment of equity awards made to executive teams in a peer group of comparable U.S. and U.K. listed biopharmaceutical companies, with a priority focus on U.S. companies. An additional one-off grant of RSU-style options was made in January 2023 to the CEO. Both the additional grant of RSU-style options and the regular annual grants of options vest over a period of four years from the grant date, with the first 25% vesting after 12 months. This is in line with the last approved Directors’ Remuneration policy. Further information about these awards is provided in the “Directors’ Equity-based Awards Held at 31 December 2023” table. Separate annual awards and additional awards of share options were made to the senior executive officers.

These awards were disclosed on Form 4s submitted to the Securities and Exchange Commission on 17 January 2023.

The following graph compares the cumulative total shareholder return on our ADSs, each representing six Ordinary shares, with that of the Nasdaq Biotech Index and the Nasdaq Composite Index for the period that our shares were publicly traded, which commenced on 6 May 2015. We selected the Nasdaq Biotech Index because our ADSs trade on The Nasdaq Global Select Market and we believe this indicates our relative performance against a group consisting of more similarly situated companies.

**Chief Executive Officer Total Remuneration History**

The table below sets out total remuneration details for the Chief Executive Officer for each of the years since the year ended 31 December 2015, the first year for which information is available. For the purpose of

this table, payments made in pounds sterling to James Noble in relation to 2015 to 2018 have been translated into U.S dollars based on the U.S. dollar/pound sterling exchange rate at 31 December 2023 (\$1.27313 to £1).

Year ended 31 December 2022:	1,320,667	—%	100%
Year ended 31 December 2021:	1,756,695	57%	100%

Year ended 31 December 2017:	779,907	45%	100%
Year ended 31 December 2016:	522,426	50%	100%
Year ended 31 December 2015:	657,836	100%	100%

- (1) The Single Total Figure of Remuneration for each year includes the annual bonus payment for performance in that year. For the year ended 31 December 2022, Adrian Rawcliffe did not receive a bonus payment. For the year ended 31 December 2019, the table sets out total remuneration details for Adrian Rawcliffe, for whom the Single total figure of remuneration includes pro-rated amounts for salary, benefits and pension on the basis of four months service as CEO during the year (from 1 September 2019 to 31 December 2019).
- (2) The bonus payout percentage amount for each year relates to the total annual bonus payment for performance in that year. In 2017 to 2023, the maximum opportunity was an annual bonus payment of up to 100% of salary. In 2016, the maximum opportunity was an annual bonus payment of up to 50% of salary. In 2015, the maximum opportunity was an annual bonus payment of up to £200,000 (\$254,626) on achievement of the Company's IPO and other milestones. Each maximum opportunity was in line with the relevant Directors' Remuneration Policy relating to that year.
- (3) The amount shown represents the percentage of the options that actually vested during the period expressed as a percentage of the maximum number of options that could have vested during the period. There were no performance obligations linked to these equity-based awards, other than service obligations, and therefore, all options that could have vested during the period have vested.

#### **Chief Executive Officer's Remuneration Compared to Other Employees**

The Chief Executive Officer's average fixed salary of \$650,000 for the year ended 31 December 2023 was 5.7 times the value of the average fixed salary of the Group's employees for that period. His average fixed salary of \$650,000 for the year ended 31 December 2022 was 6.0 times the value of the average fixed salary of the Group's employees for that period.

The following table shows the percentage change in remuneration of the Chief Executive Officer in comparison to the percentage change in remuneration of an employee between the year ended 31 December 2023 and the year ended 31 December 2022.

#### **Percentage change in remuneration in the year ended 31 December 2022 compared with remuneration in the year ended 31 December 2021**

	CEO( <sup>1</sup> )	Average change per employee( <sup>2</sup> )
Base salary	0.0%	5.3%
Annual bonus	100.0%	96.1%
Taxable benefits	(18.1)%	4.1% <sup>(3)</sup>

- 
- (1) The base salary change for the CEO is calculated in relation to the base salary for Adrian Rawcliffe for 2023 (\$650,000) and compared to the base salary for Adrian Rawcliffe for 2022 (\$650,000). Mr Rawcliffe did not receive a salary increase in 2023. The annual bonus amount for each of the year ended 31 December 2023 and the year ended 31 December 2022 represents the total bonus payment. For the year ended 31 December 2023, the annual bonus amount for the CEO represented a 100% increase compared to the year ended 31 December 2022. This is because the CEO did not receive a bonus payment for the year ended 31 December 2022 in light of the cost saving measures that had been recently announced by the Group.
  - (2) The average change per employee is calculated in relation to an average number of 439 FTE employees for the year ended 31 December 2023 compared to an average of 534 FTE employees for the year ended 31 December 2022. For the year ended 31 December 2023, the average change in bonus amount per employee represented a 96.1% increase compared to the average per employee for the year ended 31 December 2022. This is mainly because the corporate multiplier was 95% for the year ended 31 December 2023 compared to 60% for the year ended 31 December 2022.
  - (3) Taxable benefits for the CEO and for employees comprise small amounts and, therefore, any change may generate a significant percentage decrease or increase. For the year ended 31 December 2023, the CEO's benefits were based on the benefits for Adrian Rawcliffe (\$22,128) and compared to the benefits for Adrian Rawcliffe for the year ended 31 December 2022 (\$27,028). The percentage change is largely driven by the cost of health insurance in the USA where Mr Rawcliffe is resident.

#### ***Non-Executive Directors Remuneration Compared to Other Employees***

Our remuneration arrangements for Non-Executive Directors comprise an award of a fixed number of share options, plus an additional number of share options or fee payment at the Director's annual election, which is compliant with our last-approved Directors' Remuneration policy.

As a result of their annual elections, David Mott, Lawrence Alleva, Ali Behbahani and Elliot Sigal did not receive a fee payment during each of the year ended 31 December 2023 and the year ended 31 December 2022, and James Noble did not receive a fee payment for the year ended 31 December 2023. Andrew Allen and Priti Hegde were appointed as directors effective from 1 June 2023 and Kristen Hege was appointed as a director effective from 1 November 2023, and so none of these directors received a fee payment for the year ended 31 December 2022. Therefore, it is not possible to show a percentage change in the remuneration for these Non-Executive Directors compared to the percentage change in remuneration of an employee between the year ended 31 December 2023 and the year ended 31 December 2022.

The following table shows the percentage change in remuneration for each of Barbara Duncan, John Furey and Tal Zaks in comparison to the percentage change in remuneration of an employee between the year ended 31 December 2023 and the year ended 31 December 2022.

#### **Percentage change in remuneration in the year ended 31 December 2022 compared with remuneration in the year ended 31 December 2021**

	<b>Barbara Duncan<sup>(1)</sup></b>	<b>John Furey<sup>(2)</sup></b>	<b>Tal Zaks<sup>(3)</sup></b>	<b>Average change per employee<sup>(4)</sup></b>
Fees and base salary	(58.3)%	0.0%	(75.0)%	5.3%
Annual bonus	—%	—%	—%	96.1%
Taxable benefits	—%	—%	—%	4.1%

- 
- (1) The fee change for Barbara Duncan is calculated in relation to her fees for 2023 (\$20,833), which was a pro-rated amount for 1 January to 1 June 2023 (her resignation date) and compared to her fees for 2022 (\$50,000).
  - (2) The fee change for John Furey is calculated in relation to his fees for 2023 (\$57,500), and compared to his fees for 2022 (\$57,500).

- (3) The fee change for Tal Zaks is calculated in relation to his fees for 2023 (\$11,875), which was a pro-rated amount for 1 January to 31 March 2023 (his resignation date) and compared to his fees for 2022 (\$47,500).
- (4) The average change per employee is calculated in relation to an average number of 439 FTE employees for the year ended 31 December 2023 compared to an average of 534 FTE employees for the year ended 31 December 2022.

#### **Chief Executive Officer's Pay Ratio**

The table below sets out the CEO's pay ratio at the 25th, median and 75th percentile employee within the organisation. The Group used Option A, as defined in The Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2013, because this calculation methodology for the ratios is considered to be the most accurate method. The 25th, median and 75th percentile pay ratios were calculated using the full-time equivalent ("FTE") remuneration for all UK employees as at year end. The CEO pay ratio legislation allows the exclusion of an element of pay and it was deemed appropriate to exclude the value of share options from the FTE remuneration calculations for UK employees because it proved to be overly onerous to generate the data. As the value of share options is included in the CEO's total remuneration, each of the 2023, 2022 and 2021 pay ratios is higher than would be the case had the value of share options for the UK employees been included in the calculation.

All employees are eligible to participate in the discretionary bonus plan and share option schemes which aim to align employees to the performance of the Group. The Group provides a competitive remuneration package which is appropriate to promote the long term success of the Group and we apply this policy fairly and consistently in order to attract talent and motivate the workforce. During the year the Group reviewed the salaries of the wider workforce and made adjustments to base pay as appropriate based on individual performance and the external market. The Group considers the median pay ratio to be consistent with the Group's wider policies on employee pay, reward and progression.

<b>Financial Year</b>	<b>Method</b>	<b>25<sup>th</sup> percentile pay ratio</b>	<b>Median pay ratio</b>	<b>75<sup>th</sup> percentile pay ratio</b>
2023	Option A	26:1	21:1	16:1
2022	Option A	26:1	20:1	15:1
2021	Option A	31:1	24:1	17:1

Pay details for the individuals are set out below:

<b>Financial Year</b>	<b>CEO</b>	<b>25<sup>th</sup> percentile</b>	<b>Median</b>	<b>75<sup>th</sup> percentile</b>
2023 Salary (\$)	650,000	53,846	65,884	86,573
2023 Total Remuneration (\$)	1,613,184 <sup>(1)</sup>	62,058	78,300	103,325

- (1) The value of share options (\$555,306) was included in the CEO remuneration. Had the value of the share options been excluded, the Median pay ratio for 2023 would have been 14:1.

#### **Relative Importance of Spend on Pay**

The following table sets forth the total amounts spent by the Company and its direct and indirect subsidiaries on remuneration for the year ended 31 December 2023 and the year ended 31 December 2022. Given that the Group remains in the early phases of its business life cycle, the comparator chosen to reflect the relative importance of the Group's spend on pay is the Group's research and development expenses as shown in its consolidated income statement on page 80 of its Annual Report and Financial Statements for the year ended 31 December 2023.

<b>Period:</b>	<b>Year ended 31 December 2023</b>	<b>Year ended 31 December 2022</b>
Total spend on remuneration <sup>(1)</sup> :	\$ 89,178,000	\$ 92,562,000
Research and development expenses:	\$ 144,272,000	\$ 155,163,000

- 
- (1) The total spend on remuneration includes the value of equity-based awards as recognised in the financial statements in accordance with International Financial Reporting Standard 2 “Share-Based Payments”.

***Executive Director Remuneration for the year ending 31 December 2024***

***Salary***

In 2023, the Committee engaged Pearl Meyer as independent advisors to benchmark executive compensation in order to ensure that the Group remains competitive for the purposes of talent attraction and retention. Pearl Meyer benchmarked executive compensation against a selected peer group consisting largely of comparable U.S.-listed biopharmaceutical companies, with some U.K.-listed biopharmaceutical companies, and to provide recommendations for base salaries, equity based awards and the structure of bonus incentive awards for 2024.

In January 2024, the Committee considered compensation for our CEO in the context of the market benchmarking information. Our CEO and senior executive officers received increased base salaries at levels that remain compliant with the last approved Directors’ Remuneration Policy. For our CEO, this resulted in a base salary of \$676,000 effective from 1 January 2024.

***Annual bonus***

For the year ending 31 December 2024, the CEO is eligible for a target bonus award of 60% of his base salary of \$676,000 (that is, \$405,600), subject to the achievement of objectives. These are linked to our business strategies, which include: building a commercial franchise in synovial sarcoma and MRCLS; progressing the SURPASS-3 Phase 2 trial through to completion; progressing the ADP-A2M4CD8 T-cell therapy into earlier lines of therapy; progressing PRAME (ADP-600) and CD-70 (ADP-520) directed T-cell therapies into the clinic; continuing to develop “off-the-shelf” cell immunotherapies and progress allogeneic cell therapies to the clinic and continuing to improve our manufacturing and patient supply processes to optimize how we deliver our cell therapies to patients.

It is anticipated that the Board will meet in December 2024 to assess the performance of the CEO for the year ending 31 December 2024 against the objectives set out above.

The Board has considered whether it would be in the best interests of the Company and its shareholders to disclose the precise targets agreed for the performance measures in 2024. An additional consideration is that most of our competitors are based in the U.S. where market practice is not to disclose precise annual bonus targets for biotechnology companies at the pre-commercialization stage. As the specific objectives for a single year are based on the Group’s long-term strategies, the Board has concluded that disclosing such targets would necessarily involve divulging competitively sensitive information that we believe would be detrimental to our commercial performance going forward and, therefore, we are providing the categories of objectives, rather than the precise targets.

***Long-term incentives***

During January 2024 annual awards of share options were made to our CEO. These awards were within market competitive levels provided by Pearl Meyer, following their benchmarking assessment of equity awards made to executive teams in a peer group of comparable U.S. and U.K. listed biopharmaceutical companies, with a priority focus on U.S. companies. These annual grants of options vest over a period of four years from the grant date, with the first 25% vesting after 12 months, which is in line with our Directors’ Remuneration policy. Annual awards of share options were also made to the senior executive officers. These awards were disclosed on Form 4s submitted to the Securities and Exchange Commission on 17 January 2024.

***The Remuneration Committee***

The Remuneration Committee is comprised of Mr Mott (Chairman), Dr Allen and Mr Furey. All members have continued to serve until the date of this Report on Remuneration. The charter of the Committee is set forth on our website at <http://www.adaptimmune.com>

***Advice Provided to the Remuneration Committee***

The Committee retained Pearl Meyer to provide independent advice and consultation with respect to remuneration arrangements for the CEO (being our sole Executive Director) and senior management. Pearl Meyer is a global remuneration consultant with a well-established reputation for the design and implementation of remuneration programmes, including the design and implementation of equity-based incentive programmes. The Committee also sourced certain market research data reports from Willis Towers Watson and Radford remuneration consultants. In the year ended 31 December 2023, the amounts paid to Pearl Meyer totalled \$74,906, the amounts paid to Willis Towers Watson totalled \$17,670 and the amounts paid to Radford totalled \$17,399.

In addition to Pearl Meyer, Willis Towers Watson and Radford, the Committee solicited and received input from the CEO concerning the remuneration of senior executives other than himself. The CEO provided recommendations with respect to annual cash bonuses to be paid to these persons for service in the year ended 31 December 2023 and base salaries effective from 1 January 2024 and with respect to equity-based awards made to these persons in January 2024. Finally, the CEO also provided input to the Committee regarding the implementation of equity-based remuneration as an element of all other employees' remuneration.

***Statement of Voting Results***

Voting at our shareholder meetings has generally been conducted by a show of hands by shareholders who are in attendance at the meeting. At the Annual General Meeting held on 16 May 2023, all of the resolutions set out in the Notice of the Annual General Meeting sent to shareholders were duly proposed and passed by unanimous approval, including the resolution proposing the approval of the Directors' Remuneration Report for the year ended 31 December 2022. No votes were withheld.

The last Directors' Remuneration Policy was approved at the Annual General Meeting held on 14 May 2021 to apply effective from the end of that Annual General meeting for a period of three years. No votes were withheld.

Details of the proxy votes received in relation to the resolution proposing the approval of the Directors' Remuneration Report for the year ended 31 December 2022 are set out in the table below. For reference, the table also sets out details of the proxy votes received in relation to the resolution proposing the approval of the Directors' Remuneration Policy at the Annual General Meeting held on 14 May 2021:

<b>Resolution</b>	<b>Votes For</b>	<b>% of Total</b>	<b>Votes Against</b>	<b>% of Total</b>	<b>Votes Withheld</b>	<b>% of Total</b>
To approve the Directors' Remuneration Report	726,972,352	99.54	3,339,912	0.46	468,756	0.06
To approve the Directors' Remuneration Policy (2021 AGM)	661,140,212	99.50	3,293,250	0.50	333,102	0.05

***Statement of Implementation of Remuneration Policy in the Year ended 31 December 2023***

There have been no changes to the Directors' Remuneration Policy, as approved at the Annual General Meeting of shareholders held on 14 May 2021. In 2023, the Company adhered to the policy as approved.

The new Directors' Remuneration Policy will be put to shareholders as a binding vote at the Annual General Meeting to be held on 14 May 2024 and is presented in the next section.

## PART II — DIRECTORS' REMUNERATION POLICY

*The information provided in this part of the Directors' Remuneration Report is not subject to audit.*

The Remuneration Committee presents the revised Directors' Remuneration Policy, which will be put to shareholders as a binding vote at the Annual General Meeting to be held on 14 May 2024. This policy will then be effective from the date of the Annual General Meeting for a maximum of three years, or until a revised policy is approved by shareholders.

The Committee conducted a comprehensive review of the remuneration policy. The Committee considers that the last approved Directors' Remuneration Policy continues to be appropriate and fit for purpose. However, the Committee is proposing minor revisions to align the policy with market practice and to ensure that the policy can be operated as flexibly as possible in the years ahead.

The only substantive changes are:

- (i) to amend the policy on loss of office such that, in the event of termination by the Company without cause or resignation by an Executive Director for good reason (in each case following a change of control), the Executive Director is entitled to salary and benefits continuation of up to 18 months. This approach aligns with prevailing US market practice where our sole Executive Director is based; and
- (ii) to amend the remuneration policy to provide for clawback of compensation. This amendment reflects our clawback policy adopted with effect from 2 October 2023 under which we may seek the recovery and/or forfeiture of incentive-based compensation paid by the Company, including cash, equity or equity-based compensation, in the event that we restate our financial statements under certain circumstances. The clawback policy applies to current and former Executive Directors and Senior Executives.

For the avoidance of doubt, in approving the Directors' remuneration policy, authority is given to the Company to honour any commitments entered into with current or former Directors (such as the payment of a pension or the vesting and/or exercise of past share option awards). Details of any payments to former Directors will be set out in the annual Directors' Report on Remuneration as they arise.

### ***Future Policy Tables***

The policy tables set out below describe the Company's proposed future remuneration policy for Directors and seek to explain how each element of the Directors' remuneration packages will operate.

### ***Summary of remuneration policy — Executive Directors***

As Adaptimmune Therapeutics plc is a U.K. incorporated company listed on Nasdaq, the Group has operations in the U.K. and the U.S., our senior executives and our Non-Executive Directors live and work in the U.K. and the U.S., the Committee considers it appropriate to examine and be informed by compensation practices in both the U.K. and U.S., particularly in the matter of equity-based incentives, with an increasing focus on U.S. benchmarks and practices.

The Directors' Remuneration Policy is used to determine the remuneration for our CEO, our sole Executive Director, as well as for our other senior executives, and would also apply to other Executive Directors and senior executives that we appoint.

The table set out below presents the elements of remuneration for the Executive Director(s) and Senior Executives which comprise: base salary, pension or pension allowance payment, benefits (currently, access to death-in-service life insurance, family private medical cover and ill-health income protection), annual bonus and long term equity incentives (currently, share option awards).

The remuneration of our CEO is determined by the Board after having considered recommendations from the Committee. The remuneration of other senior executives in the Company, excluding our CEO, (the "Senior Executives") is determined by the Committee. For ease of reference, the following tables generally refer throughout to remuneration being determined by the Committee.

In 2023, the Committee retained an independent remuneration consultant, Pearl Meyer, to assist the Committee in ensuring that our remuneration arrangements for the Executive Director and senior executives are competitive for the calendar year commencing 1 January 2024. Pearl Meyer provided data from comparable publicly traded biopharmaceutical companies and otherwise assisted the Committee in its design of competitive remuneration for the Executive Director and senior executives. We expect to continue to use remuneration consultants to assist the Committee in determining competitive levels of executive remuneration and specific design elements of our remuneration programme.

The following tables present the elements of remuneration for our CEO (our sole Executive Director) and our other senior executives.

<u>Element of Remuneration</u>	<u>Purpose and link to strategy</u>	<u>Operation</u>	<u>Maximum</u>	<u>Performance targets</u>
Base salary	Rewards skills and experience and provides the basis for a competitive remuneration package.	<p>Salaries will typically be reviewed on an annual basis. Decisions on salary are informed by reference to: (i) market practice and market data on which the Committee receives independent advice; (ii) the individuals' experience and scope of the role; (iii) broader employee increases; (iv) wider market and economic conditions and (v) performance of the business and individual.</p> <p>Salaries will be benchmarked against comparable roles in a selected peer group of US- and European-listed biopharmaceutical companies with similar market capitalisations and/or scale of operational complexity.</p> <p>We typically expect to align salaries with the 50<sup>th</sup> percentile of peer group comparator data but may vary from this general rule where we consider that special circumstances apply or where recruitment or retention of a particular role is required.</p> <p>The Committee has the flexibility to set the salary of a new hire at a discount to the market and to realign it in subsequent years as the individual gains experience in the role. In exceptional circumstances, the Committee may agree to pay above market levels to secure or retain an individual who is considered by the Committee to possess significant and relevant experience that is critical to the delivery of the business strategy.</p>	<p>Salaries will not generally exceed the 75<sup>th</sup> percentile of peer group comparator data for the relevant role unless there is a clear business rationale to do so.</p> <p>The Committee will reference alternative data for roles not widely represented in the core peer group.</p> <p>The Committee retains discretion to adjust the Executive Directors' base salaries to ensure that we can attract and retain the necessary talent to effectively compete in the global marketplace.</p>	Not applicable.

<u>Element of Remuneration</u>	<u>Purpose and link to strategy</u>	<u>Operation</u>	<u>Maximum</u>	<u>Performance targets</u>
Pension	Enables Executive Directors to build long-term retirement savings.	<p>The Committee may also decide to approve future increases following changes to job responsibilities or to reflect experience within the role.</p> <p>Company contribution to a personal pension scheme or a pension allowance payment, at the election of the Executive Director. Levels will be reviewed annually and the Committee may decide to increase future contribution levels should the review indicate such a change is appropriate.</p> <p>Executive Director pension levels will be aligned to the pension rate made available to the wider workforce, which, at the time of the development of the remuneration policy, is 6% of base salary.</p>	<p>Currently 6% of base salary, or other statutory minimum.</p> <p>The Committee may increase Executive Director pension levels to align with the rate made available to the wider workforce.</p>	Not applicable.
Benefits	Reasonable benefits-in-kind are provided to support Executive Directors in carrying out their duties and assist with retention and recruitment.	<p>Benefits currently include death-in-service life insurance, family private medical cover and ill-health income protection. The Committee will review benefits offered from time to time and retains the discretion to add or substitute benefits to ensure they remain market competitive.</p> <p>In the event that the Group requires an Executive Director to relocate, the Committee may offer appropriate relocation assistance.</p>	<p>No formal maximum. The cost of benefits is not pre-determined reflecting the need to allow for increases associated with the provision of benefits. Benefit costs are reviewed regularly to ensure they remain cost-effective.</p>	Not applicable.
Annual Bonus	Rewards achievement of the near-term business objectives set at the start of each calendar year and reflects individual and team performance of the Executive Director and other Senior Executives in achieving those objectives, and progress towards achieving our strategic goals.	<p>Objectives are set at the start of each calendar year.</p> <p>The choice of annual performance objectives will reflect the Committee's assessment of the key milestones/metrics required to be achieved within the calendar year in order to make progress towards achieving our strategic goals.</p> <p>The target annual cash bonus for our Executive Directors is established as a percentage of base salary.</p> <p>The annual bonus is typically payable in cash following year</p>	<p>Awards will normally be limited to a maximum of 100% of base salary.</p> <p>In exceptional periods, considered to be those years in which achievements lead to a transformational effect on the future prospects or the valuation of the business, the annual maximum may increase to up to 150% of basic salary.</p> <p>Judgement as to</p>	<p>The Committee retains the ability to set performance objectives annually.</p> <p>These objectives can be group-based and /or individual, financial and/ or non-financial, and are likely to include milestones linked to:</p> <ul style="list-style-type: none"> <li>successful execution of key elements of pipeline development programmes;</li> </ul>

In exceptional circumstances the Committee may determine that all or part of the bonus will be paid in shares or share options.</p> <p>When business opportunities or challenges change substantially during the course of the year, the Committee may adjust objectives to meet the changed circumstances and correspondingly realign potential rewards.</p> <p>Awards may be subject to clawback (see <i>Notes to policy tables</i>).</p>	<p>whether achievements in a calendar year are considered to be exceptional is at the discretion of the Committee.</p>	<ul style="list-style-type: none"> <li>• progress with clinical trials programmes;</li> <li>• key regulatory steps (IND grants, regulatory approvals);</li> <li>• progress with business development activities;</li> <li>• the Group's financial position and equity liquidity and valuation.</li> </ul> <p>A number of these objectives are considered to be commercially sensitive and are therefore not disclosed here in detail.</p>
Long term equity incentives	<p>Motivates and rewards multi-year performance, encouraging achievement of strategy over the medium to long term.</p> <p>Aligns the interests of our Executive Directors and Senior Executives with those of our shareholders.</p> <p>Encourages retention as entitlement to full benefits arising from equity-based awards only accrues over a period of years.</p> <p>Enables us to compete with equity-based remuneration offered by a set of comparable companies with whom we may compete for executive talent.</p>	<p>Under our share option schemes, the Committee is able to grant awards of CSOP options in the UK, and unapproved share options (non-qualifying options) in the UK and US, which includes the ability to grant RSU-style awards. The Committee may grant other forms of equity award in relation to shares in the Company, subject to shareholder approval if required. All awards may be subject to performance targets.</p> <p>The Committee generally grants equity-based remuneration to Executive Directors and Senior Executives at the time they commence employment and from time to time thereafter based on performance.</p> <p>The Committee typically grants equity awards with phased vesting. Expected values are calculated in accordance with generally accepted methodologies based on Black-Scholes models.  We seek to establish equity-based remuneration to be reasonably competitive to that offered by a set of comparable companies with whom we may compete for executive talent.	accelerated vesting of options on termination without cause or resignation for good reason on a change of control.  Additionally, the Board has discretion to accelerate vesting of options including in connection with a change of control event or when an Executive Director's service is terminated on account of disability or death.  <i>See Policy on Payments for Loss of Office.</i>

**Notes to policy tables**

- (1) The use of time-based vesting for share option awards is consistent with U.S. practice, to which we look for guidance on our policies. We examine, with assistance from Pearl Meyer, our independent remuneration consultant, comparative data on both a (i) fair market value basis and (ii) percentage of salary basis. The Committee uses a blend of the two methods to establish appropriate levels of equity-based remuneration for the Executive Director and Senior Executives.
- (2) Our clawback policy adopted with effect from 2 October 2023 enables us to seek the recovery and/or forfeiture of incentive-based compensation paid by the Company, including cash, equity or equity-based compensation, in the event that we restate our financial statements under certain circumstances. The clawback policy applies to current and former Executive Directors and Senior Executives.

**Application of the Remuneration Policy to Executive Director Remuneration for the year ending 31 December 2024**

The following table provides an illustration of the potential remuneration for the year ending 31 December 2024 for the CEO, as the sole Executive Director, computed in accordance with the Remuneration Policy outlined above and by applying the following assumptions:

Minimum	The base salary for the Executive Director is assumed to be the base salary of \$676,000 per annum effective from 1 January 2024.  The value of benefits receivable for the year ending 31 December 2024 is assumed to be the same rates of contributions for a 401(k) plan (pension) and for benefits as for 2023.  No bonus is assumed for the Executive Director. The value of the equity-based awards is assumed to be zero.
In line with expectations	The same components for base salary and benefits as reflected for the minimum above.  The expected level of bonus is taken to be 60% of base salary, being the target level of bonus payment for the year ending 31 December 2024. The value of

	the equity-based awards is assumed to be the intrinsic value (based on the market value of the underlying shares at the grant date less the exercise price) of the share options granted to the Executive Director during the year ended 31 December 2023.
Maximum	The same components for base salary and benefits as reflected for the minimum above.  The maximum level of bonus is taken to be 100% of current base salary. The same value for the equity-based awards as for the “In line with expectations” scenario above.
Maximum plus 50% increase	The same components for base salary, benefits and bonus as reflected for the maximum above.  The value of the equity-based awards is assumed to be the intrinsic value calculated as above, but based on an assumption that the underlying shares granted have increased in value by 50% since the grant date.

**Executive Director Service Contracts**

It is Group policy that Executive Directors should have contracts with an indefinite term providing for a maximum of up to 12 months’ notice to be given by the employer or Executive Director. Executive Directors’ service agreements and employment agreements, as applicable, are available for inspection at the Company’s registered office during normal business hours and have also been filed with the Securities and Exchange Commission.

We currently employ Adrian Rawcliffe, our CEO and sole Executive Director who is resident in the USA, on an at-will employment agreement. The Company may terminate Mr Rawcliffe’s employment with or without cause and without advance notice, but Mr Rawcliffe is required to provide at least 60 days’ advance written notice to the Company if he is terminating his employment.

The terms of the current Executive Director’s employment agreement are:

<u>Name</u>	<u>Position</u>	<u>Date of agreement</u>	<u>Notice period</u>
Adrian Rawcliffe	Chief Executive Officer	26 June 2019	At will (Company) / 60 days (Director)

Director service agreements contain non-solicitation and non-competition provisions, normally for a 12-month period, as well as confidentiality provisions. All employment arrangements for any Executive Director will continue to include a notice provision, except that the Company will not be obligated to provide any advance notice in relation to the termination of employment of any Executive Director(s) resident in the USA.

***Policy on Payments for Loss of Office***

Our approach to payments in the event of termination of an Executive Director is to take account of the individual circumstances including the reason for termination, individual performance, contractual obligations and the terms of the incentive plans in which the Executive Director participates. Depending on the nature of the exit, the Executive Director may be required to resign as a Director if the Board requires a resignation in conjunction with the end of the employment relationship.

The Company may terminate an Executive Director's employment with immediate effect in certain circumstances including bankruptcy, criminal convictions, gross misconduct or serious or repeated breaches of obligations of his or her service. In the event of termination of the Executive Director for cause, we are not obligated to make any payment in lieu of notice.

On termination of the service contract without cause, we have the right to require an Executive Director who is resident in the UK to take garden leave for all or part of the notice period (the remaining term of the contract) and we have the right to pay salary and benefits in lieu of notice. During the period of any garden leave, the Executive Director must continue to be available to the Company and would continue to receive his or her full salary and other contractual entitlements.

In the event of termination without cause, excluding in a change of control, an Executive Director is entitled to payments under his or her employment agreement (or service agreement for an Executive Director resident in the UK) and the Company's executive severance policy, including salary and benefits continuation of up to 12 months. In addition, the Board has discretion to award a pro-rated bonus and has discretion under our share scheme rules to allow some or all of the shares and share options held by Executive Directors and senior executives to vest in full.

In the event of a termination of employment by the Company without cause or a resignation by the Executive Director for good reason following a change of control, an Executive Director is entitled to salary and benefits continuation of up to 18 months. In addition, the Executive Director is entitled to an amount equating to his or her target bonus and any portion of shares and share options held by Executive Directors and senior executives that were outstanding and unvested as of the date of termination will vest and immediately become exercisable on the date of termination.

In order to receive severance benefits under the employment agreement and executive severance policy, the Executive Director is required to execute a release of claims in favour of the Company and comply with certain other post-employment covenants set forth in his or her employment agreement or service agreement as applicable.

We will comply with applicable disclosure and reporting requirements of the Securities and Exchange Commission with respect to remuneration arrangements with a departing Executive Director.

***Policy on Recruitment***

Our policy is to pay a fair remuneration package for the role being undertaken and the experience of the individual to be appointed. We expect remuneration packages will include base salary, targeted level of annual cash incentive, initial and ongoing equity-based awards, standard benefits and special provisions tailored to the recruiting situation, such as: sign-on bonus, reasonable relocation support and make-whole awards for remuneration forfeited from a prior employer (whether on account of cash bonuses, share awards, pension benefits or other forfeited items).

The Board retains the discretion to provide additional benefits where necessary to recruit new Executive Directors.

If we appoint an existing employee as an Executive Director of the Company, we would expect to retain legacy obligations to the employee with respect to remuneration, such as outstanding share awards. Should these differ materially from current arrangements, these will be disclosed in the applicable Directors' Remuneration Report following such appointment. We will also disclose remuneration details for a new Executive Director in accordance with all applicable reporting requirements including those of the Securities and Exchange Commission.

**Remuneration policy — Non-Executive Directors**

Given the Company's exposure to the US talent market, Non-Executive Directors may elect to receive their fees in cash or in the form of equity (currently granted in the form of share options). Non-Executive Director quantum and structure is primarily benchmarked against comparable publicly traded biopharmaceutical companies, with an increasing focus on U.S. benchmarks and practices.

The Board has discretion to pay fees to any or all Non-Executive Directors and/or to pay Non-Executive Directors in the form of a mixture of cash and share options. Our remuneration arrangements for Non-Executive Directors comprise an award of a fixed number of share options, plus a fee payment or additional number of share options at the Director's election. The option awards and cash payments made in 2023 were established at competitive levels taking into account peer data from comparable companies provided in a benchmarking analysis undertaken by Pearl Meyer in 2023 and are compliant with the last approved Directors' Remuneration policy.

The Committee has subsequently retained Pearl Meyer to assist the Committee in ensuring that our remuneration arrangements for the Non-Executive Directors are competitive and appropriate by benchmarking them against comparable publicly traded biopharmaceutical companies, with an increasing focus on U.S. benchmarks and practices. We expect to continue to use remuneration consultants to assist the Committee in determining competitive levels of Non-Executive Director remuneration and specific design elements of our Non-Executive Director remuneration programme.

Our Non-Executive Directors participate in the Group's long-term incentive plans on terms similar to those used for Executive Directors. In accordance with their Letters of Appointment, each Non-Executive Director is entitled to receive an annual award of share options and incoming Non-Executive Directors receive an initial award of share options, and in either scenario which may include RSU-style awards, with such number to be determined by the Board. In determining option awards, the Board works within benchmarking guidelines provided by remuneration consultants.

Any equity that is awarded to Non-Executive Directors will not be subject to performance conditions. Non-Executive Directors do not receive any pension from the Company nor do they participate in any performance-related incentive plans.

The following table presents the elements of remuneration for Non-Executive Directors.

#### ***Letters of Appointment***

The Chairman and all other Non-Executive Directors have letters of appointment which set out the terms under which they provide their services to the Company and which are subject to a three month notice period either by the Company or the Non-Executive Director. In accordance with the Company's Articles of Association, Non-Executive Directors are included in the requirement that one-third of Directors are subject to retirement by rotation at each Annual General Meeting of shareholders. There is no remuneration payable on loss of office when, for example, a Director is not re-elected at an Annual General Meeting.

#### ***Statement of Consideration of Employment Conditions and Differences to the Executive Director Policy***

All our employees are paid a base salary and receive standard employee benefits, which vary according to whether they are employed in the UK or in the US but all are entitled to a contribution from the Group towards a pension scheme or retirement plan, as well as access to health insurance and income protection. Salary and incentives are regularly benchmarked against the market to ensure they remain competitive.

All employees are eligible to be considered for an annual increase in their base salaries, provided they have worked for a sufficient portion of the prior fiscal year. In addition, all employees are eligible to be considered for annual cash bonus awards, subject to the achievement of objectives and to the overall performance of the Company, and for consideration for regular equity awards. Eligibility is dependent on the employee's position and performance, with more senior employees eligible for higher bonus and equity award levels.

The Committee is regularly updated throughout the year on pay and conditions applying to Company employees. Where significant changes are proposed to employment conditions and salary levels elsewhere in the Company these are highlighted for the attention of the Committee at an early stage and the Committee will take such employment considerations into account when setting directors' remuneration.

No specific consultation with employees has been undertaken in respect of the design of the Company's senior executive remuneration policy to date although the Committee will keep this under review.

#### ***Statement of Consideration of Shareholder Views***

The Committee will consider shareholder feedback received following the AGM, as well as any additional feedback and guidance received during the year. This feedback is always considered by the

Committee as it develops the Company's remuneration framework and practices. Assisted by its independent adviser, the Committee also actively monitors developments in the expectations of institutional investors and their representative bodies.
